**JOB TITLE:**               **MAINTENANCE WORKER I  
STREET MAINTENANCE WORKER II**

**DEPARTMENT:**       **PUBLIC WORKS**

**BASIC FUNCTION:**

Under general supervision, to perform a variety of public works maintenance tasks, to operate light and moderate heavy power-driven equipment, and to do related work as assigned.

**DISTINGUISHING CHARACTERISTICS:**

Maintenance Worker I: This is the entry-level class in the maintenance worker series. Positions in this class normally perform a variety of unskilled and semiskilled maintenance tasks, although trucks and other motorized equipment may be operated by a Maintenance Worker I, the equipment is used on a training basis or for tasks which are repetitious in nature. Under this training concept, positions assigned to the class of Street Maintenance Worker II which become vacant may reasonably be filled at the Maintenance Worker I level, with the understanding that reassignment to the Street Maintenance Worker II class may be expected following successful job performance and personal development.

Street Maintenance Worker II: This is the Journey level in the Maintenance Worker series. Positions assigned to this class are expected to perform semi-skilled and skilled public works maintenance activities and to operate light and moderately heavy power-driven equipment on a continuous assignment. All positions allocated to this class require that an incumbent be able to work independently exercising judgment and initiative. Street Maintenance Worker II may also be expected to assist in the supervision and training of less experienced personnel.

**KEY RESONSIBILITIES:**

Operate power-driven equipment such as skip loaders, dump trucks, water trucks, and forklifts.

Perform a variety of maintenance work in the construction, maintenance, and repair of streets, buildings, and other public facilities.
