CITY OF CARLSBAD
CITY CLERK'S OFFICE

ARGUMENT IN FAVOR OF MEASURE J

For 40 years, the City of Carlsbad's Monroe Street Pool facility located at 3401 Monroe Street has provided Carlsbad residents of all ages an amenity for recreation, lessons and water safety classes.

The Monroe Street Pool has brought years of enjoyment to the entire community.

It's time to expand and improve Monroe Street Pool

Constructed in 1982, the Monroe Street Pool facility includes a 25-yard by 25-meter pool, equipment room and locker room.

Given its age and use, the Monroe Street Pool facility is now in need of significant renovation and expansion worthy of your consideration.

The City of Carlsbad can either continue to make costly annual repairs to Monroe Street Pool's aging infrastructure or can invest in the facility and renovate and expand the pool into something special for residents to enjoy for another 40 years.

An expanded pool and an energy efficient facility is a win for all residents

Measure J will:

- Expand the pool from 25 to 33 meters (50% increase in lanes)
- Expand the pool deck, bleachers, parking lot and provide needed shade
- Add family restrooms, exterior showers, a new building and mechanical room and sound reducing improvements
- Renovate the locker rooms and replace tile, piping, drains, pumps and filters
- Make energy efficient and building code upgrades

As a voter it's YOUR CHOICE whether the city renovates and expands Monroe Street Pool

The City of Carlsbad is prohibited from spending more than \$1 million in city funds for real property improvements - other than for replacement, repair, maintenance and routine refurbishment of existing facilities - unless the proposed project and cost in city funds is first approved by voters. The current estimated project cost to renovate and expand Monroe Street Pool is \$22 to \$24 million.

Please join us in voting Yes on Measure J
