

Development Monitoring Report

The Development Monitoring Report (DMR) is a monthly summary of building permits issued for all residential and non-residential activity in Carlsbad. This report is required by the Growth Management Ordinance. The purpose of the DMR is to track new and significant growth that adds to the City's housing stock and commercial/industrial square footage, or space.

Residential Activity

In July, Carlsbad issued building permits for four residential dwelling units, a decrease from 10 residential dwelling units permitted in June. In the northwest quadrant, building permits were issued for two residential dwelling units: one permit was issued for a second dwelling unit at 4904 Park Dr and one permit was issued for a single-family detached home at 1090 Magnolia Ave. In the northeast quadrant, building permits were issued for one residential dwelling unit: one permit was issued for a second dwelling unit at 3640 Catalina Dr. In the southeast quadrant, building permits were issued for one residential dwelling unit: one permit was issued for a second dwelling unit at 3287 Corte Vera Cruz. For the calendar year, building permits for 221 residential dwelling units have been issued as compared to 74 permits issued at this time in calendar year 2022.

Non-residential Activity

During July, one permit was issued for commercial and industrial space. One permit for 13,498 sq. ft. of commercial space was issued as part of Children's Paradise Preschool. Calendar year-to-date, 283,070 sq. ft. of commercial and industrial space has been permitted as compared to 95,206 sq. ft. of commercial and industrial space permitted at this time in calendar year 2022.

For residential and non-residential activity, the attached charts and tables provide additional information for calendar year-to-date and fiscal year-to-date comparison.

Notes: These figures are based upon issuance of building permits. They do not include additions, remodels, or replacements of either demolished units or units lost to fire. When a "second dwelling unit" is built as an integral part of a new main dwelling unit, two units are counted. "Custom home" indicates a unit for which no discretionary permit (other than a coastal development permit in the coastal zone) was required.
