Call for Artists Qualifications to Provide Services

The City of Carlsbad's Library & Cultural Arts Department seeks to qualify an artist or artist team to enter into an agreement to develop a site-integrated artwork for the Veterans Memorial Park (Capital Improvement Program, Project No. 4609) is located on 93.7 acres, near the intersection of Faraday Avenue and Cannon Road, Carlsbad, California. The park's permanent public art featured prominently on the upper plateau, where visitors can enjoy views of the lagoon, ocean and golf course. As a **site-specific piece**, the public art will serve as a **truly special way to honor and evoke the spirit of those who have served our country**.

Project Description, Veterans Memorial Park

Overview

The City of Carlsbad Veterans Memorial Park site is located southeast of the Agua Hedionda Lagoon. It's bordered on the west and south by Faraday Avenue, to the north by Whitman Way, and to the southeast by the Macario Canyon and Veterans Memorial Park Open Space Preserves. The site is 93.7 acres of which 48 acres are developable. The remainder of the site is protected habitat. The topography of the site is characterized by gentle south to southwest facing slopes. The Parks Department worked with RJM Design firm to develop the [Veterans Memorial Park Master Plan](#) which is the basis of design for entitlements and construction documents and reflects the community's recreational desires while balancing park development in a way that is sensitive to the surrounding natural habitat.

Background

In November 2018, the landscape architecture firm RJM Design Group was retained by the city to develop the [Veterans Memorial Park Master Plan](#). The firm's scope of work included a public outreach process designed to gather community input and synthesize that input into a master plan. Additionally, objectives that informed the basis of design include an emphasis on avoidance of sensitive habitat areas, maximization of stormwater retention, and safety and visibility.

The design intent is a family-oriented park with a variety of multi-generational and inclusive amenities that are incorporated into active and passive recreational elements. Honoring veterans for their service, minimizing environmental impacts, and celebrating the site's natural beauty and views are also integral components. Park facilities and trails are interwoven with open space and the variety of recreational activities and park elements in the master plan are designed to encourage educational benefits and active or passive participation by users of all ages and interests.

The park is physically separated into two distinct areas (north and south) which transition through passive uses and natural open space to a prominent memorial element at the high point of the site. The plaza on the north side opens into the large community gathering area, with shaded pavilions framed by seat walls. The building at the plaza entrance includes a catering support room, small office, restrooms, storage and maintenance closet. An inclusive, universally accessible playground and family and group picnic areas are proximal to the main gathering area, allowing for convenient access from the parking lot. Further up the slope, a nature inspired playground provides a more challenging play experience.

Honoring the History and Location

Veterans Memorial Park represents an intersection of park and memorial as a space that holds multiple histories. The elegance of the natural landscape is amplified, not interrupted by the man-made forms and structures. This site's memorial will not be assigned to one perspective but rather to individuals, histories and nature. It will be a place where every visitor becomes a participant, not an observer.

In community input workshops and surveys, many commented that Veterans Memorial Park could be linked by a common desire for a space that addresses physical, emotional and environmental health. Veterans Memorial Park will become that critical connection point between land and people, self and others, young and old, seekers and wanderers, and history to the present day. It will truly be a public space that embraces overlapping needs and desires.

This new community resource becomes a place one that can be discovered over time, resulting in:

- A place where veterans are honored for their sacrifice and pursuit of hope and happiness
- A space where we see ourselves and recognize each other
- A physical and psychological environment that allows us to see the world in a new way
- A space for expression and understanding, as well as physical and mental health

About the City of Carlsbad

Now a city of roughly 115,000, the city is still known as a “village by the sea” and prides itself on its small, coastal town feel. No longer reliant on agriculture as a sole economic engine, the City of Carlsbad is a popular tourist destination and home to a number of commercial and industrial enterprises. Its enviable location between San Diego and Los Angeles, striking coastline, fertile soil and temperate climate all ensure the city's attractiveness and growth into the 21st century.

Arts and Culture in Carlsbad

Arts and culture have long been an essential component of Carlsbad life. Founded in 1986, the city's [Cultural Arts Office](#) provides cultural services throughout the community and works with a host of partners to expand arts programming and deepen arts appreciation. Two of its most popular programs have been TGIF Concerts in the Parks, a free musical series offered each summer, and the William D. Cannon Art Gallery, presenting works by local, regional and international artists. Today, the city recognizes the value of a strong arts and culture community as an integral part of daily life, as well as the strong growth of the arts and creative economies within the region.

In June 2018, City Council approved the [Arts & Culture Master Plan](#) that supports the City of Carlsbad's commitment to these following core values: High-quality programs, dedicated resources and history of partnership.

The guiding principles outlined in the Arts & Culture Master Plan elevates the role of the Cultural Arts Office to expand from a provider of arts programming and funding into a broader set of new roles that allow the city to realize this vision of the arts and culture in everyday life while stimulating an expanding creative sector economy. This effort continues to build on its ability to bring residents together with the city as a leader in bringing innovative ideas to the community, partnering with local groups to create capacity within the creative sector and connecting across city departments and among city partners.

The city's Cultural Arts Office supports quality arts and cultural programming that promotes the representation and participation of diverse groups of individuals, including and not limited to people of differing abilities, class, generations, ethnicities and races, gender identities, religious or spiritual beliefs, sexual orientations and veteran status.

About the city's Art in Public Places Program

The city's public art program has a prominent and significant history. The city's [Art in Public Places Program](#) integrates art and the vision of artists into the development of public settings by collaborating with local, regional and nationally-known artists to include the values and history of our community into their work.

The goals of the program are:

- To increase the understanding and appreciation of art in public places of Carlsbad residents and visitors.
- To acquire and commission quality and diverse works of art for community enrichment that is site specific and environmentally responsive.
- To encourage participation of diverse socioeconomic and ethnic groups in the art in public places program and process.
- To support and involve artists in developing, collaborating and implementing Carlsbad's public spaces and community development projects.
- To encourage collaboration between artists and architects, landscape architects and civil engineers for public projects.
- To encourage an environment for artistic creativity in Carlsbad and promote Carlsbad as a local, state and national leader in arts, culture and public art.
- To increase awareness of Carlsbad's art in public places activities as an integral component for attracting business and tourism to Carlsbad.

For more information, visit the city's public art program and the city's permanent collection [webpage](#).

About the city's Public Art Process

Tied to the city's Capital Improvement Program budget and plan, the Art in Public Places Program is administered by the city's Cultural Arts, which follows a set of policies and procedures that guides the entire process.

The public art process involves:

- Launching into conversations about the value and importance of public art with key stakeholders
- Organizing a Public Art Advisory Subcommittee representing all stakeholders
- Initiating an artist selection process
- Designing public forums for community dialogue and responding with specific designs
- Finalizing design concept for public art
- Engaging in review and approval by various city Boards and Commissions, like Arts Commission and City Council
- Finalizing and installing new public art
- Maintaining the public art

What to Expect with this Project

A key component of Carlsbad's Art in Public Places Program is an emphasis on public participation throughout the artwork selection process, ensuring that the works of art are integrated into the physical and social environment of the city and reflect the broad range and interests of the community. A focus has been placed with gathering input from our local veteran community as part of the kick off the public art design process. Led by the city's Communication & Engagement Department, public input was gathered this summer (2023) to help inform the artist or artist team who wishes to submit for this public art project. The city sought input from military veterans and from those currently serving in the military and their family members. This information is included in this Call for Artists Qualifications (Exhibits D and E).

Additional future dialogue will be incorporated throughout the development of the Veterans Memorial Park public art component to allow for the community to provide input by sharing their viewpoints. There will be multiple opportunities through a variety of communication outlets for the public to provide feedback to city staff, the artist(s) and other project related entities. The ideas developed through collaborative efforts will succeed in implementation.

The city's Art in Public Places Program is created in the community's interest and designed to create dynamic aesthetic experiences that engage Carlsbad's community, as well as instilling a sense of place that's welcoming to this distinctive area. Ultimately, this project deepens the city's commitment to public art and the arts, in general, and broadens its value to the quality of life.

This presentation and interview will take place with the Public Art Advisory Subcommittee. The city will offer a standard and reasonable payment to all participating artists and artists teams. The Call for Artists Qualifications process does not involve that the artist or artist team prepare any specific ideas or design concepts based on the information included in this Call for Artists Qualifications document. Once an artist or artist team is selected and an agreement for the design phase has been fully executed, then at that time the artist or artist team will learn more about the project through site visits and interactions with city staff, the design team and through multiple conversations and input by community stakeholders.

Artists whose work is already represented in the city's public art collection are eligible to apply, but the Public Art Advisory Subcommittee will consider artistic diversity of the city's overall public art collection as one factor in the selection process.

The selection process will take place in multiple steps:

- City staff will begin reviewing the artists' images, qualifications, and other materials to identify the completeness of the submission application materials. Once submission application materials have been reviewed, then the first Public Art Advisory Subcommittee meeting will commence.

The selected artist or artist team will enter into an agreement (Exhibit B) for the design portion with City of Carlsbad. Once the design agreement has been fully executed, then the artist and artist team will work with city staff on meeting with various community military organizations to continue gather input to support developing the proposed design concept. The artist's design proposal must then go out to receive public input, and then be reviewed and approved by the Carlsbad Arts Commission and Carlsbad City Council. Once reviewed and approved, then the artist will enter into another contract (Exhibit C) before any project and fabrication can commence. The artist or artist team works closely with project team to provide project status updates, as well as any construction drawings, permitting, and any tangible elements within the site design related to the public art throughout this process.

If City seeks to recover penalties pursuant to the False Claims Act, it is entitled to recover its litigation costs, including attorney's fees. Contractor acknowledges that the filing of a false claim may subject Contractor to an administrative debarment proceeding as the result of which Contractor may be prevented to act as a Contractor on any public work or improvement for a period of up to five (5) years. Contractor acknowledges debarment by another jurisdiction is grounds for City to terminate this Agreement.

26. JURISDICTION AND VENUE

City Council
City of Carlsbad

Carlsbad, California 92008

The undersigned declares he/she has carefully examined the location of the work, read the Notice Inviting Bids, examined the Plans, Specifications, General Provisions, Contract Documents, and addenda thereto, and hereby proposes to furnish all labor, materials, equipment, transportation, and services required to do all the work to complete Contract **NNNN (INSERT CONTRACT NUMBER) (REMOVE THIS TEXT BEFORE PRINTING THE SPECIFICATIONS)** in accordance with the Plans, Specifications, General Provisions, Contract Documents, and addenda thereto and that he/she will take in full payment therefore the following unit prices for each item complete, to wit:

NOTES TO THE PROJECT ENGINEER FOR THE BID ITEM LIST

The following list of bid items is not an all-inclusive list nor is it offered as the perfect example. It is only an example. The Project Engineer must generate a thorough understanding of how the project will be managed by City or consultant inspectors. The Design Engineer must provide the Engineer's Estimate with designations and units that will be appropriate for the bid list. Although the quantities may be only rough approximations the estimate should accompany the first submittal. The Project Engineer needs to specifically seek out the input of those reviewing the plans and mediate a consensus regarding the bid unit descriptions. Lump sum bid items should be used **ONLY** when it is possible for a bidding Contractor to determine the extent of work involved from the plans, specifications, soils data made available by the City and, to a lesser extent, observation of the site. If site observation is a factor being relied upon to justify the completeness of data for a lump sum bid the Project Engineer must have sufficient data, usually in the form of photographs, that show, when combined with the plans and specifications, it was possible for the Contractor to understand the extent of materials and labor involved in completing each lump sum bid item. The Project Engineer must be careful to rewrite the payment sections of each individual item that is included in the lump sum items so that individual items that would ordinarily be paid for at unit prices are specifically excluded from the unit price payment for those items. The example of bid items is set up as two schedules. Multiple schedules may be used when :

1. Construction of facilities for another agency is part of the contract and there is a need to completely separate costs of its construction, to allow multiple bid items of the same name or nature (e.g. mobilization, traffic control, etc.).
2. There is a need to provide a definition of extent of construction that is unequivocal and that cannot be otherwise distinguished from the remainder of the work.
3. Some flexibility in adding elements of work to fit the available budget is desired. In this case the method of determining the low bidder must be clearly defined. This procedure is fraught with possibilities for dispute in the identification of the lowest bidder. Do not select it without thorough discussion that includes a representative of the City Attorney. When including items in the bid list that are to be paid for from another agency's accounts segregate those bid items by grouping them consecutively and by prefacing them with a bold type heading that states the name of the

agency, the name of the account the items are to be paid from and the item numbers of the bid items that the note pertains to.. **(REMOVE THIS TEXT BEFORE PRINTING THE SPECIFICATIONS)**

GUIDE FOR COMPLETING THE “DESIGNATION OF SUBCONTRACTORS” FORM

REFERENCES Prior to preparation of the following “Subcontractor Disclosure Form” Bidders are urged to review the definitions in section 1-2 of the General Provisions to this Contract, especially, “Bid”, “Bidder”, “Contract”, “Contractor”, “Contract Price”, “Contract Unit Price”, “Engineer”, “Own Organization”, “Subcontractor”, and “Work”. Bidders are further urged to review sections 2-3 SUBCONTRACTS of the General Provisions.

CAUTIONS This form will be used by the Agency to determine the percentage of work that the Bidder proposes to perform. Bidders are cautioned that failure to provide complete and correct information may result in rejection of the bid as non-responsive. Any bid that proposes performance of more than 50 percent of the work by subcontractors or otherwise to be performed by forces other than the Bidder’s own organization will be rejected as non-responsive. Specialty items of work that may be so designated by the Engineer on the “Contractor’s Proposal” are not included in computing the percentage of work proposed to be performed by the Bidder.

INSTRUCTIONS The Bidder shall set forth the name and location of business of each and every subcontractor whom the Bidder proposes to perform work or labor or render service in or about the work or improvement, and every subcontractor licensed as a contractor by the State of California whom the Bidder proposes to specially fabricate and install any portion of the work or improvement according to detailed drawings contained in the plans and specifications in excess of one-half of one percent (0.5%) of the Bidder’s total bid or, in the case of bids or offers for the construction of streets and highways, including bridges, in excess of one-half of one percent (0.5%) or ten thousand dollars (\$10,000) whichever is greater. Said name(s) and location(s) of business of subcontractor(s) shall be set forth and included as an integral part of the bid offer.

The Designation of Subcontractors form must be submitted as a part of the Bidder’s sealed bid. Failure to provide complete and correct information may result in rejection of the bid as non-responsive.

Suppliers of materials from sources outside the limits of work are not subcontractors. The value of materials and transport of materials from sources outside the limits of work, as shown on the plans, shall be assigned to the Contractor or the Subcontractor as the case may be, that the Bidder proposes as installer of said materials. The value of material incorporated in any Subcontractor-installed bid item that is supplied by the Bidder shall be included as a part of the work that the Bidder proposes to be performed by the Subcontractor installing said item.

When a Subcontractor has a Carlsbad business license, the number must be entered on the proper form. If the Subcontractor does not have a valid business license, enter “NONE” in the appropriate space.

When the Bidder proposes using a Subcontractor to construct or install less than 100 percent of a bid item, the Bidder shall attach an explanation sheet to the Designation of Subcontractor form. The explanation sheet shall clearly apprise the City of the specific facts that show the Bidder proposes to perform no less than fifty percent (50%) of the work with its own forces.

Determination of the subcontract amounts for purposes of award of the contract shall be determined by the City Council in conformance with the provisions of the contract documents and the various supplemental provisions. The decision of the City Council shall be final.

Contractor is prohibited from performing any work on this project with a subcontractor who is ineligible to perform work on a public works project pursuant to Labor Code Sections 1771.1 or 1777.7.

Bidders shall make any additional copies of the disclosure forms as may be necessary to provide the required information. The page number and total number of additional form pages shall be entered in the location provided on each type of form so duplicated.

Comments/questions during the presentation:

POW flag at the memorial site flag pole

How would you honor past and future military service members through public art at the upper plateau of Veterans Memorial Park?

Would the garden be accessible?

Aircraft, from someone nose

How will the golden hour be addressed?

They show a movie, helicopter, from Vietnam, soldiers waiting to hear from them.

Vietnam, they participated in Saigon, they had different routes coming in, the embassy, each time they would see the power line getting closer and closer.

Is there a main focus, like marine corps, or aviation component, Iraq, and Afghanistan, or it will cover all of the different wars?

Marines and sailors probably will be more prominent in the display, being closer to Carlsbad, besides airmen, etc.

When you say art, is it one piece or several pieces?

Helicopters are the mode most wounded soldiers get medical attention. That's why it is so important to mention/highlight the golden hour.

It would be nice to have something that recognizes the work of nurses, these are all veterans, for everyone. You have a whole number of people, combat, doctors, nurses, they need to relate somehow to the art regardless of how they served.

People will be coming to see the memorial from the heart. It is not just a park.

Active duty and retired vets need to see themselves.

You have to highlight all services working together. You couldn't do it without everybody's work.

Will there be multiple trails, with multiple stories, and then maybe coming at the main art piece? Each trail can be a branch or work in the military, but we all work together to get to the same place.

Army/Navy Academy has a memorial, has it been discussed to move this piece into the park?

What else you would like for us to consider regarding the public art for Veterans Memorial Park?

Clarified that the park isn't Vietnam focused.

Are there any places for statues that people could pay for?

II. Veterans Association of North County focus group, 08/16/2023

Date	08/16/23
Group name	Veterans Association of North County
Number of participants total	5

How would you honor past and future military service members through public art at the upper plateau of Veterans Memorial Park?

Visually appealing, interactive. Airforce monument, spires, in DC comes to mind. Know instantly what branch is represented.

Like the local aspect, someone from the region, history, those who died in Carlsbad as a focus. Tie to veterans of the future. Wife from Australia, small towns lots of representation of local service people, family oriented. Simple statue, not too large. Looking in admiration as a child, naming of the local veterans.

The mural in Vista, no one knows what it is, just colors like pinks, etc. Created by Pinamonti, statue of man killed in Vietnam reading letters, has names of those killed in action. Felt moved.

Interaction, texture and color is grounding for veterans. Inclusion of shadows, shades, shows skin tones, male and female, texture, grain. Example of butterflies exhibit using texture

What type of public art places give you a sense of renewal and inspiration? Are there places or works of art that you've visited that evoked a sense of remembrance and pride?

Rosecrans Cemetery, maximize contours of the surrounding hills. Peaceful views

Landscape important. Continue, perpetuate the memory. Bricks and served, great location at the upper plateau with the landscaping, allows for the season and changes.

Book, "Heroes Lived Here", Amy Forsythe, wrote about all the memorials, Camp Pendleton

Gary, shared from a friend: I picture a combat veteran, in full gear with helmet, holding hands with wife and children, "he did the time, now we must help him realign".

Takes a courage of a warrior to ask for help. One percent of the nation has served in combat. No grotesque.

Marine Corp Museum, Legacy Walk, sponsor bricks of people who served

No particular place that I've seen as art in open, every works of art evokes a different feeling

What else you would like for us to consider regarding the public art for Veterans Memorial Park?

Personal experience, have the artist be sensitive to people's feelings, not offend anyone as they did in Seattle, upside down disassembled fighter jet, very offensive. All branches to be represented.

Expand to family members, writer groups, children's writers group, veterans, dependents, scholarships

Future and present, healing your inner child, military child, looking up to itself, reflection as he looks back to him. Calming water element, fountain.

Dignify the art through veterans. Loves the veterans involved in San Diego County, 1/3 of the community are veterans. Include veterans in the ecosystem, their family.

III. Virtual multi-branch focus group, 08/16/2023

Date	08/16/23
Group name	Virtual – multi-branch focus group
Number of participants total	3

How would you honor past and future military service members through public art at the upper plateau of Veterans Memorial Park?

To inspire future children to join the military and keep them in. Honor where they came from and how they can bring it back. Honor & respect.

From chat bar: “It would be triumphant to overcome the term diversity and embrace who America is.”

Hope for a strong number of women who served before WW1, in & out of military, to be recognized.

Don’t meld women into 1 group. Group diverse cultures, backgrounds, reflect cultural groups perhaps in a sculpture. Education center or learning elements at the park.

Diversity aspect. San Diego County region. Typical young, white male are thought of, does not represent the population moving forward. Represent to show young people how and inspire them. Younger generation engaged.

At Palomar College 6-years-ago; Culturals, past. They took an old, ugly, huge building and incorporated parts of cultures, making it big bold, and colorful.

What type of public art places give you a sense of renewal and inspiration?

Are there places or works of art that you’ve visited that evoked a sense of remembrance and pride?

Quantico Museum, Virginia. Incredible. Takes you back in the moment, remember. Also, just going out in nature has beautiful healing. Incorporate the use of nature, not art but renewal.

Young voices are important, pull them in. Have classes, group meetings, focus groups there. Diversity doesn’t embrace concept. Star Trek example, lots of imagination. Peers should be involved in Carlsbad.

Loves going to the Vietnam Memorial Wall. Feels emotional, emotional experience, gives renewed sense of doing the right thing. Remembrance, pride. No connection to those people but feeling a connection to them. Faces a huge open space but feels serene. Elevated, used the hill in the design. In track with the environment. Simple lighting empowers, simple to captures names. Serene. Nature around.

What else you would like for us to consider regarding the public art for Veterans Memorial Park?

Be bold. Keep out of the box. Politics aside. Serve the people. Remind that they are serving people, not government. Young people see, we need to protect our neighbors.

When we started this discussion, the Vietnam Memorial Wall (Washington DC) was mentioned, people have fought for sense of hope, freedom and peace. The artist will be challenged and struggle to memorialize and inspire future generations to feel like they belong, be a part of here. We have to get out of the mindset that a 'vet is a vet', we are all a people. Granddaughter says to me, thank you for your service. This tells me that she thinks I have done something positive. Honor those serving.

Have you seen veterans public art that really caught your attention? What's not there that you'd like to see memorialized?

Very simple memorial, the one in Arizona, all pillars lined up, it's at 11 a.m. it shines through all the pillars and shows the seal on the floor. Anything on DC, Korean, Vietnam,

Pearl Harbor, it's only a bridge but very impactful.

Mt. Soledad before the plaques, it was very serene. I'm not too keen on the plaques they place there right now.

WWII museum in New Orleans, bricks memorializing veterans start from the street. They keep making more room to add more bricks. It was a nice way to dedicate something to their relatives who have sacrificed.

Talking about the Marine Corps base, the fifth marine regiment, different set ups for young marines who have died in combat. Someone asks if the city has looked for any sponsors. Vet suggested Tony Morso, who owned Camp Pendleton, he owned Capistrano all the way down to Oceanside. He is a big provider for the historical society, also the guy who founded Fedex was a marine captain, there is a lot on that base that can give you inspiration. We just put up a statue of Cpt. Pendleton, 200,000 bronze statue.

I'm a Vietnam vet, we weren't well liked when we came back, we have to force people to like us again. We don't memorialize Vietnam guys at all. Everyone always volunteered for a reason, and just with other wars, they did it for a reason and we are missing all that. We put something nice in the art but why are we doing it? What's the reason for it? Talk about the people who volunteered, why they did it. Men and women who have fallen in combat, it was for a reason. They loved their country. I was in college and I said I'm going to Vietnam. Talega, where we had the Vietnamese refugees, the big thing is that there are a lot of things to see. Talk to the communications official on base to enter the base and have a tour of those memorials.

Oklahoma Bombing Memorial, the chairs, when you walk through it there is a story. If Jose was going to develop a memorial, it would be with some type of history over time like old story military, how we've evolved as the military.

MCRD museum – should visit. There is a hand towards Talega and talks about the refugees, you sit in it and you read it, very powerful.

Marine and Army guy, I did both. I've seen Ft. Worth TX and I've seen the memorials for both branches of service, the artist, it would be more meaningful if the artist was a veteran. It is great to see somebody pouring their hearts in it. A police officer rescued a flag from 9/11. I was in NJ, was asked to open the flag at a ceremony, US Open, was going to. They gave it to me in a box. Box was made out of rubble from 9/11, I was chained to the box, it was televised, someone painted that image on the side of the building. But it was

some painter, no real connection to it. It would be wonderful to have someone who really is going to understand, put their hearts down into the art. There was this other memorial. Every road, from every gate, there was a set of boots signifying all people who have died. There are so many boots, no names, just a huge numbers. That means more. It is a visual. An understanding. To visually see a million boots, it hits you more than to say the number. Less is more but it gives the person an understanding of how many people died. Focusing on all branches. Seals museum, they show you through the pain they go through. There is nothing to really signify the gut-wrenching pain, when I saw the boots it was painful.

Somehow incorporate dependents. Because the families suffered.

Agree. When I was in Iraq my family didn't know if I was coming back. They suffered too.

I would like to see talk of the golden hour. Not a lot of people know about this but it is when a marine is wounded, if he gets medical attention in the first hour after getting hurt they will likely survive. In Vietnam, people looked at the sky, that was the only help they could expect.

For the location and the installation, think about veterans who can't walk, climb stairs. Consider the handicapped. The golden hour is something that is not talked about enough.

Someone talks about how now they do bike tours and boat rides in Vietnam, when there is still so much ordnance and mines, still buried in many places.

If you are going to unveil the art or open the park, choose April 30, 2025, anniversary of the end of the Vietnam war.

Visit the Vietnamese memorial on base at that time.

Something that represents veterans in their totality. Veterans since the year 1775, all the way to now. Most veterans are seniors. Something that represents veterans in all their service that made this country a great country.

**What comes to mind as someone who has served? When you think about visiting a public park site?
What would you like to have, or experience?**

Beautiful view, with the ocean and all, how can we enhance it to be more meditative, a pond, a fountain. Visiting son in San Jose, they had a great water fountain, acres of flowers, very calming experience. One of the themes is Carlsbad, why don't we add some flowers to show what Carlsbad represents? Sit down and reflect. I would like that.

For me, hit me on the head, I visualize an open area and the flower fields, different varieties of flowers you can walk through, some type of trail, all different types of colors, something serene and comfortable.

I really, when I think about my time, is so much community and we served as young adults and have such diversity of people, even people here right now, we come from different places, we served together, there is so much in common between us. I want to see everyone represented. Every time people assumed my husband is the one who had served, not me as a female, I think I'd like to see that diversity represented.

Maybe I was in Chula Vista veterans area, part of the military is the sacrifice and for some the ultimate sacrifice. They had the names of people who were from the city, from Chula Vista so many who made the ultimate sacrifice. It would be great to have that list as part of the memorial to see the names who served from Carlsbad.

I think we need some marine voice. I love history, love military history, serendipity art, in Solana Beach one of the ocean walls has a dedication to the military, so well done, the anchor memorial somewhere but in the beach park the beach wall there are connections, there is a city in OC, a little street sign, directions to Marine Corp history, etc. a little plaque to honor all the veterans, that's it, this is a big park with a larger theme, little things serendipitous, I like the flowers too.

Along the lines of representing the different branches, my wife and I walk a lot. I saw it in Encinitas, and I also saw different statutes, something representing each branch, sailor, marine, in bronze, a conglomerate of those branches somewhere it would be nice if we could add. Might not be feasible with the money available.

I was thinking something at nighttime that is lit up that shows the three branches, when you drive and you see something on the hillside, and I also like the historical approach, I also enjoy seeing the history of how these branches have come to be and what they have done.

I see that in the rendition there is a flag pole, a representation of the flag, that is huge, we are serving the whole nation, regardless of where we are around the world. I think it needs to be something special. I like other people's suggestions.

Following up on that, absolutely. The flag made me think many years ago, there was a lawsuit because of the flag, I would hate to see something like that happening to Carlsbad, how do we get past that? We have

people who served 9, 20, 25 years, how do we sell little plaques, raise more money to put money into the park.

There was clarification that fundraising was possible.

Regarding diversity, to find a way to show how branches are connected, the coast guard is at the core to which the navy wraps around, I don't think people know about this, maybe 1%, so I think it would be an educational piece showing how they support each other in times of war.

I wanted to go back to the flag and representation of each branch and a flag, maybe there is a way to show coast guard, marine, navy, those should be represented somehow.

I wanted to share that in addition to the coast guard, now we have the star force, and include them as well, Edward was talking about this idea, fundraising. Are talking about that later? Can we talk about that now? If you have any P&R fundraising opportunities maybe we can share the information.

What types of places have you been to that gives you reflection, inspiration and what are the elements of those places, a sense of place?

I grew up in the N. East, serenity, the landscape, I love the forest, the mountains, I connect with nature most. Natural, habitats, connecting to what's here and what has been here before the Spanish were here. Love the flowers, love the trees.

The same thing, a lot of the answers touched on that, the water, the fountain, I was stationed at the Pentagon and all the monuments, Vietnam, etc. there is that serenity because there is an opportunity to reflect, to be with nature, enjoy the time. It's going to be used for ceremonies for someone who wishes to retire, maybe some honor or recognition, something along those lines, maybe consider it, not like everyone who is coming to reflect, but also for how beautiful it would look for a little P&A for a moment in time, enlisting, or getting their commission or retiring.

How do you think this public art could reflect the identity of the City of Carlsbad?

Paul mentioned the statues, maybe Legoland can make them in Legos, more brainstorming. At least the pavers.

History, we know there are other people before us. Any thoughts about reflecting our history?

We have the names of the Kellys, people who have street names, Capitan Marron, Pio Pico, that might tie in that time in history.

Tell Carlsbad's veterans stories. I visited a veterans memorial plaza in Vista, in Old Vista. There is a part of the plaza that combines water feature, memorial wall, bronze statues, and uses them in this context, they use letters of Vista residents that were sent home while people were stationed, the letters were transcribed into the pavement. You can read the service members' letters written back to their families. What Vista residents were experiencing, how they were responding.

@ Legos, this park is not only for adults, but for families and children and to represent Carlsbad maybe add a Lego vibe to it, could be a playground made out to look like Legos.

What else would you like us to consider as we look for an artist?

Being a forever place, knowing that there will be more veterans, something to keep it actualized, time-proofing it, plaques, fundraising.

Something with tons of bronze statues, a place over the top.

Some public art works in SD are dedicated to the US navy or other military, and sadly the larger, more conspicuous pieces are defaced. I try to think the monument aspect of it, from the maintenance point of view, the more monumental the piece the more people mess with it.

I don't want, when folks are thinking about vets, they think the barb wires, back in the old days, and that can get very heavy, I went to the WWI museum in KC, and it got heavy, great history, as a vet but all the guns and the barb wire, that just takes away from what we are trying to accomplish with this piece.

I don't want to see fences, sectioning property, anything that encloses the property has to be appealing. Are you doing any kind of look out point in the hill? Telescopes or viewpoints?

We would suggest that to the artists, we go with the artists idea, with people's ideas to create the art.

I live at double-peak, there is a view point, they have pinned on the ground what everything is.

Not having a heaviness about it. I want to go someplace where I feel good, and people want to go back to. So it is a nice experience. I like statues. I can walk away with an emotion vs. so subtle that I have to read an entire wall, and those are nice too but they don't do as much for me as a reflection for people. It's for community members.

I like figurative art, it doesn't have to be so literal. There is a Marine memorial which consists of an ocean wave with seagulls to commemorate those who died at sea, it's a coastal town, more conceptual.

How do we bring the schools, create some art, some awards, something for kids to hang art and scroll through, people would come to see what the kids did.

I wouldn't want a type of memorial that had an ulterior motive or agenda, war sucks but those who try to pass a message along those lines, I have an issue with those.

In Oceanside, they put paintings all over, with prices, then post the artwork somewhere.

I thought of one, I really like those that you see it from one angle and you see something and then you change position and you see something so different, a tribute to veterans but not just one view, but movement and change.

VI. Online survey, through 08/22/2023

Q1 How would you honor past and future military service members through public art at the upper plateau of Veterans Memorial Park?

#	RESPONSES
1	Interactive art projects that include historical details and reflects on the various veteran cultures.
2	A statue, wall engraving, fountain, water feature, bench or monument that reflects both women and men.
3	With a place for reflection.
4	Use the official seal of each branch of service. Inscribe "Dedicated to those who serve - past and future".
5	ensure all branches are include
6	Paying tribute to all wars and military advancements(equipment, women, technology) in each.
7	peace and serenity, reflection
8	I would like the different branches to be represented in a unified way to illustrate that while each branch has a different mission, their is a singularity of purpose (i.e., service to the United States of America).
9	I would like to experience something that compels me to engage. Something historic that could also incorporate opportunities to learn more about our American history and the role that veterans have played to provide the freedoms we enjoy today.
10	I'd like to unwind and
11	Open space that allows the enjoyment of vistas, colorful vegetation that's not obtrusive, and nice walking paths and covered sitting areas.
12	I would like to experience being thankful for veterans and being reminded of what Veterans have done for America.
13	I'd like to experience art that has coordinated components. Maybe something that encourages movement between the components for the full experience.

Q2 What type of public art places give you a sense of renewal and inspiration? Are there places or works of art that you've visited that evoked a sense of remembrance and pride?

#	RESPONSES
1	Spaces that include art in multiple forms including spoken words and music.
2	Water features, fountains, or statues of women
3	Anything with water.
4	Washington DC. Because I'm a female veteran, the Women's Military Memorial makes me very proud.
5	something that is realistic, and evokes the senses. something you can touch and feel. true colors of veterans and military not just shadows. inclusive or male female and family members.
6	Women's Military Memorial Washington D.C. Artwork on Military Installations
7	meditative, peaceful
8	I think it should have a certain amount of gravitas to invoke reverence for those who served.
9	I would like to feel unapologetically American. Two things give me the chills and almost bring me to tears every time I participate; voting and singing the national anthem. I want to feel that when I view the public art.
10	Inspired and connected. I want to feel connected to the community. In this case, the art would connect me to the military and veteran community of the city. As a reminder 22 veterans take their own lives every day. Although it is too solemn of a subject for the main art piece, it may be something to address elsewhere in the park to bring awareness to the many veterans that are still suffering.
11	Relaxed and calming art portraying mountains, ocean/beach, open water (sea), and forests views.
12	I want to feel proud to be American.
13	I'd like to feel the honor and sacrifice of military veterans--not merely the patriotic duty but the real impact of military service including separation from loved ones, living in another land and culture, doing work that sometimes leads to loss of life.

Q3 What else you would like for us to consider regarding the public art for Veterans Memorial Park?

#	RESPONSES
1	Inspirational and youthful forms in lieu of memorial-type forms.
2	The entire park should have markers of remembrance so that all who utilize park can also learn about veterans and military service. Perhaps mile markers with QR codes etc. Should be handicap accessible.
3	It would be nice if it were interactive.
4	Don't forget to represent women. Maybe you can have the public buy a small plaque with service members info for a fee. Create a wall for the plaques.
5	Have a collaboration of local veterans perform the work. The military is about family, unity, battle buddies.
6	Please consider recognition of all wars, the diversity of the military both in race and gender. Many times, women are not represented at all. In addition, inclusion of all races, specifically, Blacks, Hispanics Asian, and Native Americans. Many have contributed to our freedom, and some have sacrificed yet, not all are represented publicly.
7	the beaches
8	Quiet spaces with a vantage point, where the design seems much simpler than it really is.
9	On the ocean miles away from land. The mountains or the outdoors when there isn't another person around for miles.
10	Nature. The mountains, the forest, the ocean. I love to feel a nice breeze. I love to feel the sun.
11	Snowcapped mountains, beach, and forests.
12	Landscaping that includes grass, trees and colorful flowers. Inspirational murals or photos.
13	Open spaces, high spaces, natural spaces with water
