Development Monitoring Report

The Development Monitoring Report (DMR) is a monthly summary of building permits issued for all residential and non-residential activity in Carlsbad. This report is required by the Growth Management Ordinance. The purpose of the DMR is to track new and significant growth that adds to the City's housing stock and commercial/industrial square footage, or space.

Residential Activity

In August, Carlsbad issued building permits for 19 residential dwelling units, an increase from four residential dwelling units permitted in July. In the northwest quadrant, building permits were issued for 17 residential dwelling units: 10 permits were issued for second dwelling units at 3733, 3741, 3749, 3757, 3735, 3743, 3751, 3759 Adams St., 5067 Los Robles Dr. and 1821 Guevara Rd.; four permits were issued for single-family detached homes at 3731, 3739, 3747 and 3755 Adams St.; and, three permits were issued for condominiums as part of Acacia Beach Homes at 231, 235, and 239 Acacia Ave. In the northeast quadrant, building permits were issued for one residential dwelling unit: one permit was issued for a second dwelling unit at 3165 Seabury St. In the southwest quadrant, building permits were issued for one residential dwelling unit at 1848 Pentas Ct. For the calendar year, building permits for 240 residential dwelling units have been issued as compared to 87 permits issued at this time in calendar year 2022.

Non-residential Activity

During August, no permits were issued for commercial and industrial space. Calendar year-to-date, 283,070 sq. ft. of commercial and industrial space has been permitted as compared to 95,206 sq. ft. of commercial and industrial space permitted at this time in calendar year 2022.

For residential and non-residential activity, the attached charts and tables provide additional information for calendar year-to-date and fiscal year-to-date comparison.

Total for Calendar Year 2023 to date (8 Months)

Notes: These figures are based upon issuance of building permits. They do not include additions, remodels, or replacements of either demolished units or units lost to fire. When a "second dwelling unit" is built as an integral part of a new main dwelling unit, two units are counted. "Custom home" indicates a unit for which no discretionary permit (other than a coastal development permit in the coastal zone) was required.
