

## Carlsbad Bins for Businesses Program

The City of Carlsbad is committed to helping businesses become environmentally sustainable by reducing waste through organics and recycling collections. Per state and local solid waste regulatory requirements, proper disposal and separation of solid waste are required in the city. The city is providing recycling and compost bins and educational signage to eligible businesses (while supplies last) to support this effort. City personnel will provide resources including a brief educational training to educate employees about proper waste disposal.

Eligible businesses must:

- Receive landfill, recycling and composting services through Republic Services
- Be working toward SB 1383 compliance
- Receive a brief educational training from city staff
- Be working toward compliance with the city's Single Use Plastic bans in Chapters 6.20 and 6.24 of the Carlsbad Municipal Code, restricting the use of single-use foodware and plastic bags
- Have a city business license in good standing

Applicants will be notified when their bin(s) are ready for pickup and must be able to pick up their bin(s) 1-2 business days after receiving notice that they are available. Bins can be picked up at the location and times below:

**Location:** Faraday Building, located at 1635 Faraday Ave., Carlsbad, CA 92008

**Pickup days/times:** Monday - Thursday, 8 a.m. to 4 p.m.

Please fill the form below to request assistance.

### TERMS AND CONDITIONS

I agree to use these bins solely for collecting recyclables or organic materials at my business to improve our organics/recycling programs.

I agree to educate staff, new employees, janitorial services and/or contractors about best organics and recycling practices.

This agreement grants the City of Carlsbad the ability to verify proper use and suspend benefits if resources are being mishandled or misused for reasons other than waste diversion. By submitting this form, the requesting business agrees to receive the required educational training.

The city will reach out if the application is accepted and the business is eligible for assistance. Contact the Sustainable Materials Management Division via email with any questions or concerns: [sustainablematerialsmanagement@carlsbadca.gov](mailto:sustainablematerialsmanagement@carlsbadca.gov).

### RESOURCES ARE LIMITED AND WE ASK THAT ALL BUSINESSES ONLY REQUEST UP TO A MAXIMUM OF 10 BINS
