Hi there-

Please share this resident input for the upcoming meeting to discuss adding Pickleball courts in Carlsbad.

We live very close to the pickleball courts at Ponsettia park and have never once been able to use them. On any given evening there are 30-50 people waiting. So to play pickleball, we have to drive to other cities and pay private fees, even though we have courts within walking distance that our tax dollars support.

The very frustrating part of this is that in the north county community people are coming from all over to use these courts because they are free.

In addition to the city adding more Pickleball courts, they should also consider a way to make them exclusive or prioritized for Carlsbad residents. Or come up with some kind of online reservation system like other Pickleball courts utilize.

Thank you for listening to the Carlsbad residents on this issue-

Melissa Sisco

**Subject:** Pickleball courts at Carlsbad Parks

I would like to provide my input regarding the additional pickleball courts proposed at our parks. I would not like to see courts added to Alga Norte Park for a number of reasons:

1. per the city's consideration..."distance from nearby residents and habitat areas(pickleball can be noisy)Alga Norte already has a dog park, skate park, aquatic center, and ball fields which cause increased noise
2. When there are aquatic events or numerous baseball and soccer events, the parking is totally full leaving other activity parking difficult.
3. Alicante road has increase traffic with many people going over the 30 mile per hour limit and going through the Stop signs at the park without parking.

Thank you for your consideration  
JoAnne Conrad

We would all love to see Pickle Ball courts at Aviara and Alga Norte Parks. It is very difficult to get a court at Poinsettia Park and you can't play with your own group.

Meanwhile....tennis courts sit empty and SOME could be turned into pickleball courts IMMEDIATELY. AT A MUCH LOWER COST.
