

Development Monitoring Report

The Development Monitoring Report (DMR) is a monthly summary of building permits issued for all residential and non-residential activity in Carlsbad. This report is required by the Growth Management Ordinance. The purpose of the DMR is to track new and significant growth that adds to the City's housing stock and commercial/industrial square footage, or space.

Residential Activity

In January, Carlsbad issued building permits for 3 residential dwelling units, a decrease from 49 residential dwelling units permitted in December. In the northwest quadrant, building permits were issued for 3 residential dwelling units: 3 permits were issued for second dwelling units at 2707 & 2605 Highland Dr. and 5034 Ashberry Rd. For the calendar year, building permits for 3 residential dwelling units have been issued as compared to 47 permits issued at this time in calendar year 2023.

Non-residential Activity

During January, no permits were issued for commercial and industrial space. Calendar year-to-date, no sq. ft. of commercial and industrial space has been permitted as compared to 2,715 sq. ft. of commercial and industrial space permitted at this time in calendar year 2023.

For residential and non-residential activity, the attached charts and tables provide additional information for calendar year-to-date and fiscal year-to-date comparison.
