Subject: Pine Park Homelessness problem

Hi. My name is Mary Keefe. My child plays (lacrosse and flag football, with practices/games at Chase Field/Pine Park/Holiday Park. For years, the City has been aware of the issues with the homeless near these recreational fields and parks. The city is well aware that homeless gather in these areas, making the bathrooms unusable for children. If a mother is with a male child, that male child is required to go into the women's restroom with their mother to ensure their safety. Now, you have added severely mentally ill homeless into the mix.

Several years ago, a severely mentally ill man tried to kidnap and molest a child at Skyline Elementary in Encinitas. When that happened, parents in Carlsbad were hyper-vigilant about where their child was at any time, especially in a chaotic environment like sporting events. The same thing happened when a severely mentally ill man brought a gun to Kelly Elementary and started shooting at kids.

You know the danger involved with severely mentally ill people, but you place them in a community near three elementary schools and one middle school. You place them near Chase Field, one of the only baseball fields available for CYB players in Carlsbad. You place them near Pine Park, where you are well aware that flag football and soccer practices occur daily. You place them near Holiday Park where you know volleyball, soccer and flag football activities are happening.

Windsor Pointe's location is not an appropriate location for people with severe mental illness. They need a better location to ensure community safety and their own well being. The city, Affirmed, and Solaris are well aware a child was already molested inside Windsor Pointe. All they are aware that an attempted murder occurred at Windsor Pointe. All are aware that over 750 calls for service have been generated from activities at Windsor Pointe over the last two years. No one cares and no one is doing anything about it.

The city recently required a ton of extra security, metal detectors and advance tickets to our local Concerts in the Park, which generate few, if any calls for service. But, Windsor Pointe, where security is actually necessary, can do whatever they want. How is that fair to Carlsbad residents?

I have my child in athletic programming to stimulate their body and mind. I didn't do it to purposely put my child in danger. The city needs to be as concerned about the safety and well being of every kid walking to school or to a baseball game as they are about their relationship with Affirmed Housing.

I would like the city to end their relationship with Affirmed Housing, terminate the ground lease at Windsor Pointe and start protecting our youth and residents rather than importing the severely mentally ill from all over the county who have no ties to Carlsbad at all.

Thank you in advance for your help in keeping our children safe in a very scary world that we are living in.

Mary Keefe

Subject: Correction to my question 11 for Item 9, Windsor Pointe

Sorry!

I meant to ask about comparison to La Posada, not Casa de Amparo.

The first houses homeless people, the second helps abused children. Obviously from the other letters you received, there's a reason my thoughts turned to Casa - but that's not the comparison in terms of beds:arrests that I wanted to inquire about.

Once again, I appreciate Melanie Burkholder getting this on the agenda & questions answered. Unlike January 2020 when the scant handful of public speakers had their time cut and our PhD in public health councilmember had zero questions.

Looking forward to some answers tomorrow,

Julie Ajdour

Hi,

My name is Tyler Carter and my children play soccer with City SC Carlsbad with practices and games at Pine Park. For years, the City has been aware of the issues with the homeless near these recreational fields and parks. If a mother is with a male child, that male child is required to go into the women's restroom with their mother to ensure their safety. Now, you have added severely mentally ill homeless into the mix. I, as an adult male, have felt uncomfortable while walking around the Pine Park area, knowingly putting our youth in the same position is flat out unacceptable.

My message below is for the agenda Item #9 at the March 12, 2024 City Council Meeting.
Dear City Clerk Honorable Mayor and City Council members,

I urge you to please close down the Windsor Pointe facility and declare it a public danger for people living near this facility because of the ongoing incidents regarding safety, and the 760 calls for service to our Carlsbad Police Department during a time span of less than 2 years. Terra Lawson-Remer is a disgrace that she has deceived the public from the real purpose of this facility. Maybe we should have one built next to her home. People should not live under constant vigilance and fear of their children to walk around any of our neighborhoods . Remove Windsor Pointe before is too late and someone else becomes a victim.

Sincerely,

Luigi Persico

To whom it may concern: My name is Scott Tibbets and my child plays plays recreational Lacrosse with practices/games at Chase Field/Pine Park/Holiday Park. For years, the City has been aware of the issues with the homeless near these recreational fields and parks. The city has been made aware that homeless gather in these areas, making the bathrooms unusable for children.

Years ago, a severely mentally ill man tried to kidnap and molest a child at Skyline Elementary in Encinitas. When that happened, parents in Carlsbad were hyper-vigilant about where their child was at any time, especially in a chaotic environment like sporting events. The same thing happened when a severely mentally ill man brought a gun to Kelly Elementary and began firing a weapon at children.

The city understands the danger involved with severely mentally ill people, but you place them in a community near three elementary schools and one middle school. You place them near Chase Field, one of the only baseball fields available for CYB players in Carlsbad. You place them near Pine Park, where you are well aware that flag football and soccer practices occur daily. You place them near Holiday Park where you know volleyball, soccer and flag football activities are happening.

Windsor Pointe's location is not an appropriate location for people with severe mental illness. They need a better location to ensure community safety and their own well being. The city, Affirmed, and Solaris are well aware a child was already molested inside Windsor Pointe. All they are aware that an attempted murder occurred at Windsor Pointe. All are aware that over 750 calls for service have been generated from activities at Windsor Pointe over the last two years. No one cares and no one is doing anything about it.

The city recently required a ton of extra security, metal detectors and advance tickets to our local Concerts in the Park, which generate few, if any calls for service. But, Windsor Pointe, where security is actually necessary, can do whatever they want. How is that fair to Carlsbad residents?

I would like the city to end their relationship with Affirmed Housing, terminate the ground lease at Windsor Pointe and start protecting our youth and residents rather than importing the severely mentally ill from all over the county who have no ties to Carlsbad at all.

Sincerely,

Scott & Faith Tibbets
Carlsbad residents

Now, you have added severely mentally ill homeless into the mix.

Subject: Agenda Item #9 Public Comment

Dear City Clerk: Please include my public comment for Agenda Item #9 at the March 12, 2024 City Council Meeting.

Honorable Mayor Blackburn and City Council Members,

Due to the continuous and ongoing incidents regarding safety, and the 762 calls for service from our Carlsbad Police Department during a time span of less than 2 years, I urge you to please shut down the Windsor Pointe facility and declare it a public nuisance.

The amount of police protection this type of facility requires takes away from the rest of our neighborhoods and citizens.

It is unfortunate that our own San Diego County District Supervisor, Ms. **Terra Lawson-Remer**, has been a supporter of Windsor Pointe, a Housing First program, and a **proponent of putting low-barrier mental health facilities in family neighborhoods. Her strong support of Proposition 1 will only make this type of situation worse throughout our City and family neighborhoods.** No Carlsbad family should have to live in fear of their children going out to play in front of their own home because some elected officials believe our family neighborhoods are appropriate for housing the severely mentally ill population.

Safety should be your first priority for all citizens of each district and neighborhood in Carlsbad. No other neighborhood in Carlsbad should experience the destruction of their community the way that the Housing First Program has already destroyed one community already.

Please dedicate the facility for the exclusive use of our veterans that were promised safe housing when this project was proposed and approved. **Housing for unsupervised, severely mentally ill and drug-using residents does not belong in any family neighborhood. Housing First has proven to be a complete failure.**

Thank you for all you do to keep all neighborhoods in Carlsbad safe.

Sincerely,

D. Lech

Subject: Windsor Pointe

Dear Council Members,

As a 35+ year resident of Carlsbad, I'm writing to voice my opinion on the failure of the Windsor Pointe project. This project was supposed to house Carlsbad veterans, which initially sounds honorable, but is instead a nightmare of housing severely mentally ill, seniors and veterans.

The fact that dangerous people are in the vicinity of a school zone is frightening. I know the actual school zone stops outside of the project, but really is barely two blocks away. I also know the police have been involved with the tenants on many occasions, one being a tenant wielding a gun. Not to mention the drug abuse on the property.

Carlsbad has been a jewel city until recently. Our beautiful beach community is being transformed and destroyed before our eyes with the passing of dangerous projects such as this one. And I dread the thought that many more similar failures are in the works to be pushed on us taxpayers of Carlsbad. Do NOT let this happen again. Shame on the city council for not looking out for the safety and well-being of the citizens of Carlsbad.

Sincerely,
Deborah Trimble
