**Subject:** Report on City Investments as of Feb. 29, 2024

**District:** All

**Recommended Action**

Accept and file Report on City Investments as of Feb. 29, 2024.

**Executive Summary**

The city's Investment Policy requires the City Treasurer to report the status of the city's pooled investment portfolio to the City Council each month.

**Discussion & Fiscal Analysis**

The city's pooled investment portfolio as of the month ending Feb. 29, 2024, is summarized below.

**Pooled investment portfolio (cash and securities)**

	Current month	Prior month
Par value <sup>1</sup>	\$889,064,835	\$882,158,591
Investment cost	\$888,877,242	\$882,580,295
Amortized cost <sup>2</sup>	\$884,234,681	\$877,762,858
Market value <sup>3</sup>	\$855,487,843	\$851,889,539

(1) The face value of the investments.

(2) The cost of investments adjusted for amortized premiums and discounts.

(3) The amount at which the investments could be sold. Source of market value is Principal custodial report.

The equity portion of the various funds in the total portfolio, that is, the part of the total investment portfolio assigned to each fund, is summarized in the graph below. Fund balances are restricted for various purposes (See Exhibit 6 for a more detailed breakdown).

#### Pooled investment interest income<sup>4</sup>

	Fiscal year to date	Current month	Prior month
Cash income	\$14,011,160	\$1,915,023	\$1,972,108

(4) The cash income received is adjusted for any received interest previously purchased.

#### Pooled investment performance

	Average life (years)	Yield <sup>5</sup>	Modified duration
December 2023	1.75	2.49%	1.58
January 2024	1.78	2.58%	1.58
February 2024	1.82	2.63%	1.60

(5) Yield is computed by totaling the weighted average of each investment's return less any costs.

All pooled investments have been made in accordance with the city's Investment Policy, which was adopted Jan. 2, 1985, and last revised Mar. 12, 2024; however, events after the purchase might result in perceived non-compliance with the current policy. These events are typically a change in the credit rating after a purchase, a change in the city's Investment Policy, or a temporary reduction in total portfolio assets.

Exhibit 7 shows the investments out of compliance with the current policy that experienced a subsequent change in credit rating. Ratings on one investment has dropped to less than the rating required by the Investment Policy since their initial purchase. Corporate notes and municipal bonds require a “split rating” of AA from one rating company and an A rating from a second. Mortgage-backed securities require an AA rating from one rating company.

The city’s Investment Policy allows the City Treasurer to determine the course of action that would correct exceptions to the policy. These investments are paying interest at the required times and their principal is considered secure. It is the intent of the City Treasurer to hold these assets in the portfolio until maturity unless events indicate they should be sold.

Not less than two-thirds of the current fiscal year operating budget shall mature within one year. The maturity value within one year is \$321,212,385 which is 85.1% of the current year operating budget. The investment portfolio has the ability to meet the city’s anticipated cash flow demands for the next six months.

### **Next Steps**

The report on city investments will continue to be produced monthly by the City Treasurer.

### **Environmental Evaluation**

This action does not require environmental review because it does not constitute a project within the meaning of the California Environmental Quality Act under California Public Resources Code Section 21065 in that it has no potential to cause either a direct physical change or a reasonably foreseeable indirect physical change in the environment.

Exhibit 10

The city's Section 115 Trust is a post-employment benefit trust that was established by City Council on September 12, 2023 (Resolution 2023-240). In connection with City Council Policy No. 86 and 98, the trust allows the city to stabilize pension cost volatility, maintain local control over the city's assets and earn a potentially higher rate of return than if the assets were kept in the General Fund. These funds are restricted and not pooled with other investment funds.
