**Subject:** Maintaining City Control of Palomar Airport Decisions

Greetings Council and Mayor--

In 1978, when the City of Carlsbad annexed Palomar Airport, the City required final authority on all things land use at Palomar Airport. Over the years, the County plodded along as though they were the final decision makers, and sadly, in the past, the City of Carlsbad let them. C4FA sued the County of San Diego over the County's 2018 plans to expand Palomar Airport, and won.

**In the legally binding order, the Court states:**

***“The County voluntarily waived its immunities” and “the County voluntarily and intentionally relinquished its immunities with respect to the airport”.***

As a long time Carlsbad resident, I ask the Council to:

- Approve the Resolution presented with an expedited timeline to complete the General Plan Amendments and Zoning Updates by the end of this year, 2024.
- Include directions to define “Airport Expansion” using the California State legal definitions in our City Code.
- Acknowledge in the Resolution per the Annexation Agreement and Court ruling in C4FA v. County of San Diego, the County of San Diego, the County of San Diego voluntarily waived all their immunities regarding land use at McClellan Palomar Airport.

**Please take the steps to ensure that all future City of Carlsbad staff and Elected Officials retain the local control granted by the Airport Annexation Agreement.**

Respectfully,  
Janell Cannon

Dear council members,

This coming Tuesday, April 23rd I will not be able to attend the open council meeting to voice my concern regarding the future of the Palomar McClellan airport. Please take the appropriate action(s) to insure Carlsbad continues to have the final say in all issues pertaining to our airport and to limit the influence of our county agencies in determining what will happen in our city.

- Approve the Resolution presented with an expedited timeline to complete the General Plan Amendments and Zoning Updates by the end of this year, 2024.

Dear City Council Members, as a resident of Aviary and someone whose family is negatively impacted by McClellan Palomar Airport on a daily basis, I urge you to do the following:

- Approve the Resolution presented with an expedited timeline to complete the General Plan Amendments and Zoning Updates by the end of this year, 2024.

- Acknowledge in the Resolution per the Annexation Agreement and Court ruling in C4FA v. County of San Diego, the County of San Diego, the County of San Diego voluntarily waived all their immunities regarding land use at McClellan Palomar Airport.

The constant neighborhood overflights at all hours of the day and night do not follow the published guidance of the airport website and are harming people under the unapproved flight path. The poor safety records of personally-owned small planes means that we are at risk of a catastrophe on any given day. Thank you for putting the health and safety of Carlsbad residents ahead of the deceptive and self-interested representatives of McClellan Palomar Airport.
