Item Explanation

At its Nov. 27, 2012, meeting, the Carlsbad City Council adopted Ordinance No. CS-194 forming the Carlsbad Golf Lodging Business Improvement District (CGLBID). Hotels, as defined in Carlsbad Municipal Code Section 3.12.020, that choose to opt into the district, are assessed \$2 per occupied room night. This assessment is remitted to the city monthly through the current Transient Occupancy Tax collection process. The proceeds of the assessment must be used to promote golf-related tourism within the boundaries of the CGLBID, as well as marketing-related capital improvements such as golf-related signage and equipment, and to pay for the related administrative costs. Each assessed hotel determines how to spend the funds collected by its respective property, provided the expenditures are for an approved golf-related expense. Reimbursement of these expenses would be made quarterly upon approval by the CGLBID Advisory Board, up to the amount collected per property minus administrative fees.

At its April 17, 2013, meeting, the CGLBID Advisory Board approved a process for reimbursement (Resolution No. 2013-4G). Based on this process, staff has reviewed reimbursement requests submitted by Hilton Cape Rey Carlsbad Beach Resort, Hilton Garden Inn, and Carlsbad by the Sea, and is recommending the Advisory Board adopt the attached resolutions approving the reimbursement requests and authorizing staff to process the payment for the expenses up to the amount collected minus the 4% administration fees.

Fiscal Impact

As of May 2, 2024, the CGLBID cash balance was \$213,593. The account balance for each hotel requesting reimbursement is outlined below. A participating hotel may submit reimbursements quarterly to draw from their respective accounts. If the hotel’s request exceeds the amount available, the hotel may only be reimbursed up to their current account balance.

<u>Property</u>	<u>Account balance</u>	<u>Requested reimbursement</u>	<u>Recommended reimbursement</u>	<u>Remaining balance</u>
Cape Rey Hilton	\$ 19,823	\$ 19,823	\$ 19,823	\$ 0
Carlsbad by the Sea	54,428	56,746	54,428	0
Hilton Garden Inn	139,342	139,342	139,342	0
Total	\$ 213,593	\$ 215,911	\$ 213,593	\$ 0

Next Steps

Properties that have already fully expended their account balance will submit reimbursement requests to Visit Carlsbad as the Owner’s Association of the New CTBID, for qualifying expenses that were incurred beginning July 1, 2023.

Properties that have a balance remaining after the April 10 Advisory Board meeting will receive a refund of remaining assessment funds paid at the time of the CGLBID disestablishment pursuant to California Streets and Highway Code § 36551. This will mean that the CGLBID will have no funds remaining.

With all CGLBID funds completely expended, the CGLBID Advisory Board may provide a recommendation to the City Council to disestablish the CGLBID.

Environmental Impact

This action does not constitute a “project” within the meaning of the California Environmental Quality Act under California Public Resources Code Section 21065, in that it has no potential to cause either a direct physical change in the environment or a reasonably foreseeable indirect physical change in the environment.

Subject: Disestablishment of the Carlsbad Gold Lodging Business Improvement District

Recommended Action

Adopt a resolution recommending the City Council disestablish the Carlsbad Golf Lodging Business Improvement District established in 2012 and repeal Carlsbad Municipal Code Chapter 3.38.

Item Explanation

On Nov. 27, 2012, the Carlsbad City Council adopted Ordinance No. CS-194 forming the Carlsbad Golf Lodging Business Improvement District (CGLBID). Hotels, as defined in Carlsbad Municipal Code Section 3.12.020, that chose to opt into the district were assessed \$2 per occupied room night. The proceeds of the assessment were used to promote golf-related tourism within the boundaries of the CGLBID, as well as marketing-related capital improvements such as golf-related signage and equipment, and to pay for the related administrative costs. To oversee the district and validate expenditures, a five-member advisory board was established, with members representative of district participants and a representative of the Crossings Golf Course as a city-owned golf property. Each assessed hotel determined how to spend the funds collected by its respective property, provided the expenditures were for an approved golf-related expense. Reimbursement of these expenses would be made quarterly upon approval by the CGLBID Advisory Board, up to the amount collected per property minus administrative fees.

Over the 12 years the CGLBID district has been established, it has been deemed successful by the participating hotels, allowing them to position their properties, and Carlsbad as a whole, as a golf destination. The promotion of golf and golf-related activities led to an increase in visitors and money spent in the destination, bolstering transient occupancy tax and sales tax revenue. The district grew to include seven prominent Carlsbad hotels, which collectively raised approximately \$1.1 million annually to pay for golf-related promotional expenditures at no cost to the city.

Corresponding CTBID Development

In 2020, the Carlsbad Tourism Business Improvement District (CTBID), through a petition from the majority of the lodging businesses in Carlsbad (as measured by the revenue they contributed), and subsequent City Council action, raised the assessment from \$1 per room night to 2% of the daily room night cost.

The increase in the assessment rate increased the district's budget from approximately \$1.5 million to approximately \$6.5 million. This larger budget went into effect beginning in fiscal year 2020-21 and allowed for more robust tourism promotion.

On Jan. 12, 2022, the existing CTBID Advisory Board, made up of representatives of local hotels and resorts, voted to explore options to modernize the district's operations, including possibly establishing a new district under the Property and Business Improvement District Law of 1994, and disestablishing the existing district.

On April 18, 2023, the City Council of the City of Carlsbad formed a new Carlsbad Tourism Business Improvement District (New CTBID) under the Property and Business Improvement District Law of 1994 (California Streets and Highways Code Sections 36600 *et seq.*) with the support of the majority of the Carlsbad lodging businesses. Visit Carlsbad was selected as the Owners' Association under the New CTBID and implemented the New CTBID's management district plan as of July 1, 2023, when the new assessment began.

Golf Related Programs as part of the New CTBID

The New CTBID includes an optional golf assessment that was designed to take the place of the CGLBID moving forward. This approach allows for more streamlined operations under Visit Carlsbad as the designated Owners' Association. The New CTBID program began operating on July 1, 2023, and was authorized for a five-year period. Because of the formation of the New CTBID and corresponding golf program, the previous CGLBID assessment was not levied in fiscal year 2023-24. Only remaining funds from previous fiscal year's assessments remained. The CGLBID district remained in place to oversee the expenditures of all remaining funds.

Disestablishment of the CGLBID

Should the CGLBID Advisory Board approve the final reimbursement requests at the May 6, 2024 Special Meeting, all remaining CGLBID reimbursement funds will have been expended. Because there will be no remaining reimbursement funds and the assessment has already been discontinued, the CGLBID Advisory Board may provide a recommendation to the City Council to disestablish the CGLBID.

Fiscal Impact

As of May 6, 2024, the CGLBID fund only contained accrued interest. This interest will be refunded to the participating properties proportionate to the amount they paid into the fund since its inception.

The table below provides an estimate of what each property would receive, should disestablishment be recommended. As additional interest continues to accrue, the actual amounts may be slightly higher than what is portrayed in the table.

	Total	5,762,818.39		47,049.26
	Interest income district to date	47,049.26	as of 3/31/24	

Next Steps

Should the CGLBID Advisory Board adopt the resolution recommending disestablishment of the district, staff will proceed with scheduling the necessary public hearing and item for City Council consideration.

Environmental Impact

This action does not constitute a “project” within the meaning of the California Environmental Quality Act under California Public Resources Code Section 21065, in that it has no potential to cause either a direct physical change in the environment or a reasonably foreseeable indirect physical change in the environment.
