Subject: City Council Item #8

All Receive - Agenda Item # 8
For the Information of the:
CITY COUNCIL
Date 5/14/24 CA CC
CM ACM DCM (3)

Hello,

Please approve time #8 tonight. The City needs to move away from antiquated standards that allowed for the conditions to incentivize fast moving vehicles at unsafe speeds. The City's new standards and approach will create safer streets for all users - automobiles, bicycles, e-bikes and pedestrians.

Thank you and please approve.

Josh Coelho
Chair
Traffic Safety and Mobility Commission

Subject: Public comment for Item 8 today's meeting

Good afternoon,

My name is Mona Gocan. I live in the area of Carlsbad Village Drive (CVD) and Pontiac. I would like to express my support for Item 8 on today's agenda.

New stripping has been completed near my neighbor on CVD for few months now. At first, it was a bit confusing and felt awkward to drive in the narrow lanes, however, now I see people driving very cautious and I see kids on bikes feeling safe riding on this major city road. In conclusion, I think re-stripping and narrowing the road forces drivers to be more aware of their surroundings, driving safer, and creates safer spaces for bike riders.

Thank you for your time!

Mona Gocan
