Subject: Item 11 Comments on 6-18-2024 Carlsbad City Council Meeting

2) Adoption of a resolution adopting the final Operating Budget, Strategic Digital Transformation Investment Program and Capital Improvement Program for FY 2024-25 for the City of Carlsbad and establishing controls on changes in appropriations for budget funds;

Please make sure that the budget will allocate some money for building a new Senior Center in the south side of town and will hire people who actually like seniors and have a sense of humor (those who can do more than "lock" doors and discourage seniors from enjoying the Senior Center) so that the City is prepared to accommodate seniors of varying ages with games and activities that enrich the lives of seniors in their final years of life. Some money could also go for training those employees who lack empathy for aging seniors! What kind of employee would ban a Senior for NINE months for "walking" aggressively? Who is her supervisor and why isn't he overseeing her "overzealous" behaviour? Isn't it time for the City Manager to step up and set some guidelines for Park & Rec-ers who think that it is OK to mistreat seniors?

Respectfully Submitted,

Mary Lucid
