Please share the following with the city council members:

Dear Mayor and council members,

The trenching of the railroad tracks in Carlsbad has long been an action item for the city. I know SANDAG has three proposals on the table for re-routing the tracks away from the eroding coastline. There are other proposals that may make more sense and I suggest the city pause in any action until a final decision has been made to avoid needless (huge) expenses.

Thank you for all your work on this.

Sincerely,
Paige DeCino
