Greetings to All Concerned regarding the Ethics of the Council:

I am very concerned about the lack of diversity on the City Council and the lack of respect for Seniors who express an opinion that apparently annoyed Mike Pacheco and Kyle Lancaster and has not been "handled" by Mick Calarco. Why would anyone "ethically" ban a senior citizen for weeks and months on the word of Staffers who may or may not be telling the truth (Andi Koller ???). I would suggest that the Council get a lie detector test before automatically "Assuming" that Staff has no axe to grind? How is it ethical to have the Council hear from the people banned with no lie detector used on Staff? Why ban Seniors from the Senior Center for walking aggressively. What is Mick Calarco doing to improve the Carlsbad Senior Center? What is Kyle Lancaster doing to maintain a user friendly environment

Respectfully Submitted,

Mary Lucid

To the city council and all concerned citizens regarding the abuse of power by City employees especially towards senior citizens? Where is the diversity and mediation among people on the staff and visitors to the senior center? Why is that and why does the city council not promote more directives on diversity? Why can staff say anything without having to take a lie detector test or confront the person with human resources handling all complaints? In a discreet manner of course? Why do you allow staff to blackmail a senior citizen? Mike Pacheco said that Mary Lucid had to go to anger management classes or I could not attend the senior center? It is interesting to note that Mary has never had a security guard or a manager ask her to leave the building for inappropriate behavior until Maggie Hammer changed the idea of serving seniors to cost recovery? Sincerely Mary Lucid
