---

Faviola,

Thank you for reaching out regarding the upcoming election. Regarding a statement for the citizens that can be used to confirm what we discussed please see below.

This coming election is bigger than just what's happening in Carlsbad. All politics is local and starts with our community unifying and standing against reckless government control. The current state of California politics makes it dangerous to risk losing responsible, conservative and effective representation for the people of Carlsbad District 2 over comparatively minor differences. Therefore, I am suspending my campaign to avoid giving rise or opportunity for the Democrat challenge in this election.

Very Respectfully,

Brian Higgins  
Candidate for Carlsbad City Council District 2.
