(a) Identify all PHA Plan elements that have been revised by the PHA since its last Annual Plan submission:

2. Financial Resources:**Statement of Financial Resources: Planned Sources and Uses**

[24 CFR Part 903.12 (b), 903.7 (c)]

Source: Federal Grants	
Annual Contributions for HCV Program – Housing Assistance Payments (HAP), CY 2014	5,258,406.
Annual Contributions for HCV Program – Administrative Fees for Program Operations, CY 2014	488,234.

3. Rent Determination:**Payment Standards**

Describe the voucher payment standards and policies.

What is the PHA's payment standard? (select the category that best describes your standard)

Above 100% but at or below 110% of FMR

If the payment standard is higher than FMR, why has the PHA chosen this level? (select all that apply)

- FMRs are not adequate to ensure success among assisted families in the PHA's segment of the FMR area
- Reflects market or submarket
- To increase housing options for families
- Other (list below)
- Higher payment standards in accordance with the San Diego Apartment Association Rent Survey
 - Higher standards in accordance with the affordable rents based on Area Median Income (AMI)

4. Operation and Management:**Integrated Pest Management Policy (IPM)****When bed bugs are reported:**

1. Housing representative will inquire what the provisions are in the lease or rental agreement in regards to pest management/extermination. If the lease does not state who is responsible, the violation will be assigned to the owner.
2. PHA must receive written documentation by a licensed pest control company that all bed bugs have been exterminated and unit is cleared from any hazard of bed bugs. This documentation must be received by the re-inspection date.

3. Abatement/termination will be processed if adequate documentation is not received timely. A proactive owner extension may be granted if documentation is received from a licensed pest control company stating that the extermination is taking place but additional treatments are required. Units that are not treated and cleared of the bed bug infestation will be added to the noncompliant unit list.

When bed bugs are discovered after entering an assisted unit:

1. At the inspection, an inquiry will be made by the PHA inspector as to whether there have been any issues with the unit in general; including any issues with infestation. If the PHA inspector is already in a unit and the family reports there are bed bugs or live bed bugs are evident, the inspector will immediately exit the unit and explain to the family that the PHA does not allow inspectors to enter units with a known bed bug infestation. After exiting the unit, PHA staff will explain the bed bug policy to the family and advise them if they have any questions to contact the Housing Program Manager.
2. The policy listed above under “When bed bugs are reported” will be followed.
3. Once the PHA has received confirmation from a licensed pest control company that the bed bugs have been eliminated, the inspection will be rescheduled.
4. The participant will be advised that any future suspected issues with bed bug infestation should be reported immediately to the property owner or their agent. If the property owner or agent is not responsive in an appropriate timeframe, the participant needs to contact the housing agency immediately.

11. Fiscal Year Audit:

Year ended June 30, 2014 – The single audit report on expenditures of federal awards disclosed no audit findings required by the auditors to be reported under paragraph .510(a) of OMB Circular A-133.

13. Violence Against Women Act (VAWA):

The PHA complies with VAWA and has advised staff of outside resources available to child or adult victims of domestic violence, dating violence, sexual assault or stalking. Staff has been directed to provide referrals to outside agencies that provide such services, such as the Women’s Resource Center, which is located in Oceanside and provides domestic violence services in the PHA service area.
