

Important Update for Carlsbad Businesses #1 5-12-2020

The State of California has released its [Resilience Roadmap](#) which provides a framework for reopening businesses. Based upon this roadmap, the County of San Diego has updated its [public health order](#) with new requirements for businesses.

All [essential businesses](#) and reopened businesses are now required to:

- Conduct temperature screening of all employees
- Prohibit employees with a temperature of 100 degrees or more from entering the workplace
- Conduct symptom screenings only when a thermometer is not available and prohibit employees if they have a cough, shortness of breath or trouble breathing or at least two of the following: fever, chills, repeated shaking with chills, muscle pain, headache, sore throat or new loss of taste or smell

Remember that all essential businesses must continue operating according to their posted sanitation and social distancing business plan and reopened businesses must post their [Safe Reopening Plan](#) near the entrance of their facility and provide it to every employee working at that facility.

If you have any questions you can email COVID19BusinessQuestions@sdcounty.ca.gov.

Look for future joint communications from the city, Carlsbad Chamber of Commerce and the Carlsbad Village Association emailed directly to you for more updates. If you have questions for the city, please email business@carlsbadca.gov.

You can also join us today for a joint webinar addressing the economic recovery and revitalization efforts of our community in response to COVID-19. You can register [here](#). If you cannot make it at 2pm today, a recording will be made available on the city's website.

Thank you for everything you are doing to support our community as we continue to pull through this emergency together.
