REGISTRATION OPENS MARCH 17

The City of Carlsbad Parks & Recreation Department continues to follow public health guidance to offer a complement of safe, fun and educational summer programming, in a modified and/or reduced capacity format. Current guidance states physical distancing and facial coverings are required except while participating in activities during sports camps. While summer programs may look a little different again this year, our top priority is to continue to create an environment that protects everyone's safety and provides peace of mind. We look forward to seeing you again this summer!

Sports Camps

Kids can build on fundamentals, improve technique and master skills while developing a love of sports and fitness. Participants will have fun, keep fit and make new friends. Find out more about these [sports camps](#).
