

*Tamarack Area  
Coastal Improvements*

*Community Workshop  
June 23, 2016*

# *Tonight's Agenda*

- Project background
- Present conceptual designs
- Go check them out
  - Provide comments
  - Ask questions

# *Project Area*

# *Meet Our Team*

# *Meeting Ground Rules*

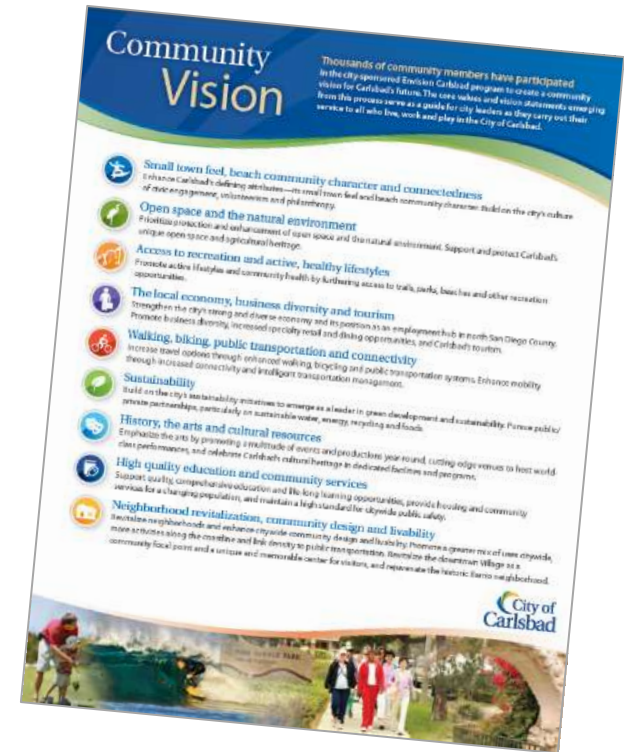

- This is an opportunity to provide feedback, not a debate
- Please be respectful of others and share time with staff
- Take the time to fill out the surveys in addition to talking with staff members. It is the best way to ensure we understand your perspective accurately

# Envision Carlsbad

- Community visioning process
- Identified our community's core values
- Basis for this project

# *Project Goals*

- Create an environment that is safe, accessible and attractive to all users, including cars, bikes, pedestrians and people who use public transit
- Improve traffic flow through the area for all users
- Make existing bus stops accessible for people with disabilities and more inviting for everyone

# *Project Goals*

- Create an enhanced sense of connection between the beach, trails and the community
- Create additional free on-street parking
- Protect the quality of life for the surrounding neighborhood

# *What's Included*

- Road changes:
  - Signalized intersection with four lanes
  - Signalized intersection with three lanes
  - Roundabout with two lanes
- View area
  - Option with more defined seating and gathering areas, more “paved” look
  - Option with more grass seating areas.

# *Conceptual Designs*

*Existing*
