Dear Mayor and City Council

I am *Doris Schiller* and I have lived in Carlsbad for 9 years. I love this City and want to ensure it remains a wonderful place to live and visit.

I am aware there is a current 6.6-acre park deficit in the Coastal Southwest quadrant of Carlsbad and a 30-acre open-space deficit in Zone 9. **I want the City of Carlsbad to budget money in their capital improvement program to purchase Planning Area F and build a park at Ponto to serve residents and visitors alike.** Planning Area F is currently for sale and I request the City contact the landowner to explore purchasing the site for a needed park and perhaps a coffee shop or non-sit down eatery.

This land is the entrance to Southern Carlsbad and one of the last remaining pieces of coastal open space, it is a treasure and should be developed into a space for all to enjoy, not squandered on residential development that would do best located closer to employment at the Center of Carlsbad.

I ask you to ***Develop Ponto Right*** – I ask you to build Ponto Park.

I request that my comments be put on record in the official public records for all things Planning Area F, including the official public records for Carlsbad's City's Budget, draft Local Coastal Program Amendment, and Parks Master Plan Update; and the CA Coastal Commission's consideration of Carlsbad's draft Local Coastal Program Amendment.

Thank you
Doris Schiller

Dear Mayor and City Council

We are Val and Dennis Cowan and we have lived in Carlsbad **for 21 years**. We love this City and want to ensure it remains a wonderful place to live and visit. We were born and raised in San Diego and have seen many changes over the past 66 years. One thing is obvious, there are not enough open space and the coastal areas are almost completely built out. Carlsbad has the chance to make a difference and save one of the last remaining coastal open spaces from more commercial enterprises.

We are aware there is a current 6.6-acre park deficit in the Coastal Southwest quadrant of Carlsbad and a 30-acre open-space deficit in Zone 9. **We want the City of Carlsbad to budget money in their capital improvement program to purchase Planning Area F and build a park at Ponto to serve residents and visitors alike.** Planning Area F is currently for sale and we request the City contact the landowner to explore purchasing the site for a needed park.

This land is the entrance to Southern Carlsbad and one of the last remaining pieces of coastal open space, it is a treasure and should be developed into a space for all to enjoy, not squandered on residential development that would do best located closer to employment at the Center of Carlsbad.

We ask you to ***Develop Ponto Right*** – We ask you to build Ponto Park.

We request that our comments be put on record in the official public records for all things Planning Area F, including the official public records for Carlsbad's City's Budget, draft Local Coastal Program Amendment, and Parks Master Plan Update; and the CA Coastal Commission's consideration of Carlsbad's draft Local Coastal Program Amendment.

Thank you

Mayor and City Council

I have lived in Southern CA for 30 years and in Carlsbad for the last 3. This is an amazing city but I know it can be so much more, we have an obligation to our children & all those that come to enjoy the coast line to make it more.

And I thank Council Member Priy Bhat-Patel and Council Member Cori Schumcher for listening to the community, voting yes to put funds toward Ponto Park in the 6.2.2020 meeting.

The land at Ponto (Planning area F) is a prime location to do something amazing with, something that matters and inspires joy. I am aware that the land is for sale and DO NOT wish to see a developer turn it into a condo complex when it could be the jewel of our City. I know the State of CA says we have to have a certain number of new houses, but they don't say they have to be crammed into one of the last remaining pieces of open coastal land. Build housing complexes closer to where offices and businesses are, build them inland and Project Ponto!

I know CV19 has wreaked havoc on current revenues but also know the City is well prepared and that decisions being made today will have long lasting effects so we must think beyond the current state.

I ask you to **Develop Ponto Right** – I ask you to put money in the upcoming budget to buy the land at planning areas F to build **Ponto Park**.

I request that my comments be put on record in the official public records for **ALL** things Planning Area F, including the official public records for Carlsbad's City's Budget, draft Local Coastal Program Amendment, and Parks Master Plan Update; and the CA Coastal Commission's consideration of Carlsbad's draft Local Coastal Program Amendment.

Thank you

Dear Mayor and City Council,

I am Kathy Meyers-Schulte and I have lived in Carlsbad for 35 years. I love this City and want to ensure it remains a wonderful place to live and visit.

I am aware there is a current 6.6-acre park deficit in the Coastal Southwest quadrant of Carlsbad and a 30-acre open-space deficit in Zone 9. **I want the City of Carlsbad to budget money in their capital improvement program to purchase Planning Area F and build a park at Ponto to serve residents and visitors alike.** Planning Area F is currently for sale and I request the City contact the landowner to explore purchasing the site for a needed park.

This land is the entrance to Southern Carlsbad and one of the last remaining pieces of coastal open space, it is a treasure and should be developed into a space for all to enjoy, not squandered on residential development that would do best located closer to employment at the Center of Carlsbad.

I ask you to **Develop Ponto Right** – I ask you to build Ponto Park.

I request that my comments be put on record in the official public records for all things Planning Area F, including the official public records for Carlsbad’s City’s Budget, draft Local Coastal Program Amendment, and Parks Master Plan Update; and the CA Coastal Commission’s consideration of Carlsbad’s draft Local Coastal Program Amendment.

Thank you,

Kathy Meyers-Schulte

Dear Mayor and City Council,

My name is Tom Hall and I have lived in north county since 1992, and in Carlsbad for the last 12 years. My family has had the privilege of enjoying the Ponto Beach area for many years now. They've had their birthday parties at the beach, and we've enjoyed many many beautiful sunsets as a family. I love this City and want to ensure it remains a wonderful place to live and visit.

I am aware there is a current 6.6-acre park deficit in the Coastal Southwest quadrant of Carlsbad and a 30-acre open-space deficit in Zone 9. I highly recommend that the City of Carlsbad budget money in their capital improvement program to purchase Planning Area F and **build a park** at Ponto to serve residents and visitors alike. Planning Area F is currently for sale and I request the City contact the landowner to explore purchasing the site for a needed park.

This land is the entrance to Southern Carlsbad and one of the last remaining pieces of coastal open space, it is a treasure and should be developed into a space for all to enjoy, not squandered on residential development that would do best located closer to employment at the Center of Carlsbad. As a certified financial planner, and someone who has been in the financial services business for almost 30 years, I understand budget deficits. I've served on many boards as well, and I understand the importance of financial governance, and long-term financial planning. As city leaders, you were trying to do what's best for the community and that involves very tough financial decisions. Let me get straight to the point: developing this piece of property for commercial use is not the answer. This may bring some additional revenues to the city, but I can guarantee you long term this will be a financial disaster for our community. More traffic, etc. etc. This will not enhance our community. The best solution is to develop a park for individuals and families to enjoy the beauty of our little piece of heaven in South Carlsbad.

I ask you to **Develop Ponto Right** – I ask you to build Ponto Park.

I request that my comments be put on record in the official public records for all things Planning Area F, including the official public records for Carlsbad's City's Budget, draft Local Coastal Program Amendment, and Parks Master Plan Update; and the CA Coastal Commission's consideration of Carlsbad's draft Local Coastal Program Amendment.

Thank you,

Tom Hall, CFP

Subject: Develop Ponto Right - Support Letter

Dear Mayor Hall, Carlsbad City Council, and California Coastal Commission:

I am informed that

1. Carlsbad must consider on Planning Area F at Ponto the need for a public park at Ponto as part of the Draft Local Coastal Program Amendment.
2. There is no public park at Ponto even though City Park Standards requires a minimum of 6.5 acres of parkland for Ponto.
3. There is a current 6.6 acre park deficit in Coastal Southwest quadrant of Carlsbad, (south of Palomar Airport Road and west of El Camino Real).
4. There are no Coastal Parks in all of South Carlsbad. 64,000 South Carlsbad citizens have no Coastal Park.
5. Ponto is at the center of a larger 6-mile stretch of coastline in that has no Coastal Parks.
6. Ponto has a city documented 30 acre open-space standard deficit that a Coastal Park would help resolves.
7. And most importantly, I am informed that the City is currently ignoring these issues and in the Draft Local Coastal Program Amendment is proposing to eliminate the last opportunity to create a much needed Coastal Park at Ponto

Accordingly, I am requesting and making my position known that:

I want the Draft Local Coastal Program Amendment to provide for a Coastal Park at Ponto.

I want the City to provide a true Citizen-based Park Planning process for Ponto.

I want the City of Carlsbad to budget money in their capital improvement program to purchase Planning Area F and build a park at Ponto to serve residents and visitors alike.

I want to preserve what little Coastal Open Space Carlsbad has remaining for future generations and our visitor industry.

I am not in favor of future residential development at Ponto, but think this last small amount of vacant Coastal land should be reserved for Coastal Recreation.

Thank you
Scott DeFilippis

We want the City of Carlsbad to budget money in their capital improvement program to purchase Planning Area F and build a park at Ponto to serve residents and visitors alike. Planning Area F is currently for sale and we request the City contact the landowner to explore purchasing the site for a needed park.

Please put our comments in the official public record for all things Planning Area F, including the official public record for Carlsbad's City's Budget, draft Local Coastal Program Amendment, and Parks Master Plan Update; and the CA Coastal Commission's consideration of Carlsbad's draft Local Coastal Program Amendment.

Thank you,

Bridget & Tracy Sabin

Dear Mayor and City Council

We are Geoff and Jody White and I have lived in Carlsbad for 20 years. I love this City and want to ensure it remains a wonderful place to live and visit. We constantly talk with all of our friends and neighbors about what is being considered by the city and we all don't get it.

I am aware there is a current 6.6-acre park deficit in the Coastal Southwest quadrant of Carlsbad and a 30-acre open-space deficit in Zone 9. **I want the City of Carlsbad to budget money in their capital improvement program to purchase Planning Area F and build a park at Ponto to serve residents and visitors alike.** Planning Area F is currently for sale and I request the City contact the landowner to explore purchasing the site for a needed park.

This land is the entrance to Southern Carlsbad and one of the last remaining pieces of coastal open space, it is a treasure and should be developed into a space for all to enjoy, not squandered on residential development that would do best located closer to employment at the Center of Carlsbad.

I ask you to **Develop Ponto Right** – I ask you to build Ponto Park.

I request that my comments be put on record in the official public records for all things Planning Area F, including the official public records for Carlsbad's City's Budget, draft Local Coastal Program Amendment, and Parks Master Plan Update; and the CA Coastal Commission's consideration of Carlsbad's draft Local Coastal Program Amendment.

Thank you,

Geoff and Jody

Subject: Develop Ponto Right - Support Letter

Dear Mayor Hall, Carlsbad City Council, and California Coastal Commission:

I am informed that

1. Carlsbad must consider on Planning Area F at Ponto the need for a public park at Ponto as part of the Draft Local Coastal Program Amendment.
2. There is no public park at Ponto even though City Park Standards requires a minimum of 6.5 acres of parkland for Ponto.
3. There is a current 6.6 acre park deficit in Coastal Southwest quadrant of Carlsbad, (south of Palomar Airport Road and west of El Camino Real).
4. There are no Coastal Parks in all of South Carlsbad. 64,000 South Carlsbad citizens have no Coastal Park.
5. Ponto is at the center of a larger 6-mile stretch of coastline in that has no Coastal Parks.
6. Ponto has a city documented 30 acre open-space standard deficit that a Coastal Park would help resolves.
7. And most importantly, I am informed that the City is currently ignoring these issues and in the Draft Local Coastal Program Amendment is proposing to eliminate the last opportunity to create a much needed Coastal Park at Ponto

Accordingly, I am requesting and making my position known that:

I want the Draft Local Coastal Program Amendment to provide for a Coastal Park at Ponto.

I want the City to provide a true Citizen-based Park Planning process for Ponto.

I want the City of Carlsbad to budget money in their capital improvement program to purchase Planning Area F and build a park at Ponto to serve residents and visitors alike.

I want to preserve what little Coastal Open Space Carlsbad has remaining for future generations and our visitor industry.

I am not in favor of future residential development at Ponto, but think this last small amount of vacant Coastal land should be reserved for Coastal Recreation.

This last bit of land should be used for a park/recreation to encourage and promote healthy living, while also allowing

users to enjoy the incredible coastal scenery.

Thank you
Britt Vocke

Dear Mayor and City Council

My name is George Tye and I have lived in Carlsbad 22 years. I 'm told there is a current 6.6-acre park deficit in the Coastal Southwest quadrant of Carlsbad and a 30-acre open-space deficit in Zone 9. **I respectfully urge you to budget money in the capital improvement program to purchase Planning Area F and build a park at Ponto to serve residents and visitors alike.** I understand that Planning Area F is currently for sale and I request the City contact the landowner to explore purchasing the site for a needed park.

This land is the southern entrance to Carlsbad along Hwy 101 and one of the last remaining pieces of coastal open space. A park would be a wonderful enhancement to our city, particularly to those of us in the southwest quadrant. Along with the new 5-star hotel currently being built on the border of Carlsbad and Leucadia, a new park would give our city a cache that would rival Laguna.

I ask you to ***Develop Ponto Right*** – I ask you to build Ponto Park.

I request that my comments be put on record in the official public records for all things Planning Area F, including the official public records for Carlsbad's City's Budget, draft Local Coastal Program Amendment, and Parks Master Plan Update; and the CA Coastal Commission's consideration of Carlsbad's draft Local Coastal Program Amendment.

Thank you,

George Tye

All Receive - Agenda Item # 8
For the Information of the:
CITY COUNCIL
Date 6/2 CA CC
CM ACM DCM (3)

Dear Mayor and City Council:

We are Annie & Rich Gallagher and have lived in Carlsbad for 20 years as original homeowners. We love where we live as it is a wonderful community of neighbors and merchants. Many from out of town visit Carlsbad as a destination spot for their yearly vacation spot. The Carlsbad Camp Ground is directly across the street from San Pacifico where we live. Until recently, Rich has worked at nearby SeaPointe/Hilton Grand Vacations and directs local visitors to nearby attractions.

I am aware there is a current 6.6 acre park deficit in the Coastal Southwest portion of Carlsbad. I want the City of Carlsbad to budget in their improvement program to purchase Planning Area F and build a park in Planning Area F, which is currently for sale. We are requesting the City explore purchasing the site for a needed park which was part of the original promised plan and and is now known to be a planning mistake violated by both City and State Local Coastal Programs.

This land is the entrance to Southern Carlsbad and one of the last remaining spaces. It is a treasure and should be developed into a space for all to enjoy. I ask you to DEVELOP PONTO RIGHT - build Ponto Park.

We are requesting our comments be put on record in the official public records for Carlsbad's City Budget and Parks Master Plan Update and the California Coastal Commission/Carlsbad's draft /Local Coastal Program Amendment.

Respectfully,
Annie & Rich Gallagher

Subject: Develop Ponto Right - Support Letter

Dear Mayor Hall, Carlsbad City Council, and California Coastal Commission:

I am informed that

1. Carlsbad must consider on Planning Area F at Ponto the need for a public park at Ponto as part of the Draft Local Coastal Program Amendment.
2. There is no public park at Ponto even though City Park Standards requires a minimum of 6.5 acres of parkland for Ponto.
3. There is a current 6.6 acre park deficit in Coastal Southwest quadrant of Carlsbad, (south of Palomar Airport Road and west of El Camino Real).
4. There are no Coastal Parks in all of South Carlsbad. 64,000 South Carlsbad citizens have no Coastal Park.
5. Ponto is at the center of a larger 6-mile stretch of coastline in that has no Coastal Parks.
6. Ponto has a city documented 30 acre open-space standard deficit that a Coastal Park would help resolves.
7. And most importantly, I am informed that the City is currently ignoring these issues and in the Draft Local Coastal Program Amendment is proposing to eliminate the last opportunity to create a much needed Coastal Park at Ponto

Accordingly, I am requesting and making my position known that:

I want the Draft Local Coastal Program Amendment to provide for a Coastal Park at Ponto.

I want the City to provide a true Citizen-based Park Planning process for Ponto.

I want the City of Carlsbad to budget money in their capital improvement program to purchase Planning Area F and build a park at Ponto to serve residents and visitors alike.

I want to preserve what little Coastal Open Space Carlsbad has remaining for future generations and our visitor industry.

I am not in favor of future residential development at Ponto, but think this last small amount of vacant Coastal land should be reserved for Coastal Recreation.

Thank you
Jason Lewis

Subject: Park in coastal southwest quadrant of Carlsbad

All Receive - Agenda Item # 8
For the Information of the:
CITY COUNCIL
Date 6/2 CA CC
CM ACM DCM (3)

Dear Mayor and City Council

My name is Risa Sybrandy and I have lived in Carlsbad for 20 years.

I am copying in some text that has been prepared to request that the city resolve the park deficit in Coastal Southwest Carlsbad. I feel very passionately about this, and disappointed in Carlsbad government for not addressing this issue. It seems like the plan is being disregarded. I'm typically happy with our local government, but this issue causes me a lot of concern, and makes me concerned about our leadership.

I am aware there is a current 6.6-acre park deficit in the Coastal Southwest quadrant of Carlsbad and a 30-acre open-space deficit in Zone 9. **I want the City of Carlsbad to budget money in their capital improvement program to purchase Planning Area F and build a park at Ponto to serve residents and visitors alike.** Planning Area F is currently for sale and I request the City contact the landowner to explore purchasing the site for a needed park.

This land is the entrance to Southern Carlsbad and one of the last remaining pieces of coastal open space, it is a treasure and should be developed into a space for all to enjoy, not squandered on residential development that would do best located closer to employment at the Center of Carlsbad.

I ask you to **Develop Ponto Right** – I ask you to build Ponto Park.

I request that my comments be put on record in the official public records for all things Planning Area F, including the official public records for Carlsbad's City's Budget, draft Local Coastal Program Amendment, and Parks Master Plan Update; and the CA Coastal Commission's consideration of Carlsbad's draft Local Coastal Program Amendment.

Thank you,

Risa Sybrandy

Please read at the June 2nd City Council Meeting Agenda Item: Budget

Dear Mayor and City Council

I am Donald Burton and I have lived in Carlsbad since 2005. I love this City and want to ensure it remains a wonderful place to live and visit.

I am aware there is a current 6.6-acre park deficit in the Coastal Southwest quadrant of Carlsbad and a 30-acre open-space deficit in Zone 9. I want the City of Carlsbad to budget money in their capital improvement program to purchase Planning Area F and build a park at Ponto to serve residents and visitors alike. Planning Area F is currently for sale and I request the City contact the landowner to explore purchasing the site for a needed park.

This land is the entrance to Southern Carlsbad and one of the last remaining pieces of coastal open space, it is a treasure and should be developed into a space for all to enjoy, not squandered on residential development that would do best located closer to employment at the Center of Carlsbad.

I ask you to Develop Ponto Right – I ask you to build Ponto Park.

I request that my comments be put on record in the official public records for all things Planning Area F, including the official public records for Carlsbad’s City’s Budget, draft Local Coastal Program Amendment, and Parks Master Plan Update; and the CA Coastal Commission’s consideration of Carlsbad’s draft Local Coastal Program Amendment.

Thank you,

Donald Burton

Dear Mayor and City Council

I am Atsuko Suzuki and I have lived in Carlsbad for 15 years. I love this City and want to ensure it remains a wonderful place to live and visit.

I am aware there is a current 6.6-acre park deficit in the Coastal Southwest quadrant of Carlsbad and a 30-acre open-space deficit in Zone 9. I want the City of Carlsbad to budget money in their capital improvement program to purchase Planning Area F and build a park at Ponto to serve residents and visitors alike. Planning Area F is currently for sale and I request the City contact the landowner to explore purchasing the site for a needed park.

Subject: Develop Ponto Right - Support Letter

Dear Mayor Hall, Carlsbad City Council, and California Coastal Commission:

I am informed that

1. Carlsbad must consider on Planning Area F at Ponto the need for a public park at Ponto as part of the Draft Local Coastal Program Amendment.
2. There is no public park at Ponto even though City Park Standards requires a minimum of 6.5 acres of parkland for Ponto.
3. There is a current 6.6 acre park deficit in Coastal Southwest quadrant of Carlsbad, (south of Palomar Airport Road and west of El Camino Real).
4. There are no Coastal Parks in all of South Carlsbad. 64,000 South Carlsbad citizens have no Coastal Park.
5. Ponto is at the center of a larger 6-mile stretch of coastline in that has no Coastal Parks.
6. Ponto has a city documented 30 acre open-space standard deficit that a Coastal Park would help resolves.
7. And most importantly, I am informed that the City is currently ignoring these issues and in the Draft Local Coastal Program Amendment is proposing to eliminate the last opportunity to create a much needed Coastal Park at Ponto

Accordingly, I am requesting and making my position known that:

I want the Draft Local Coastal Program Amendment to provide for a Coastal Park at Ponto.

I want the City to provide a true Citizen-based Park Planning process for Ponto.

I want the City of Carlsbad to budget money in their capital improvement program to purchase Planning Area F and build a park at Ponto to serve residents and visitors alike.

I want to preserve what little Coastal Open Space Carlsbad has remaining for future generations and our visitor industry.

I am not in favor of future residential development at Ponto, but think this last small amount of vacant Coastal land should be reserved for Coastal Recreation.

Thank you
Crystal Waterman

Subject: Develop Ponto Right - Support Letter

Dear Mayor Hall, Carlsbad City Council, and California Coastal Commission:

I am informed that

1. Carlsbad must consider on Planning Area F at Ponto the need for a public park at Ponto as part of the Draft Local Coastal Program Amendment.
2. There is no public park at Ponto even though City Park Standards requires a minimum of 6.5 acres of parkland for Ponto.
3. There is a current 6.6 acre park deficit in Coastal Southwest quadrant of Carlsbad, (south of Palomar Airport Road and west of El Camino Real).
4. There are no Coastal Parks in all of South Carlsbad. 64,000 South Carlsbad citizens have no Coastal Park.
5. Ponto is at the center of a larger 6-mile stretch of coastline in that has no Coastal Parks.
6. Ponto has a city documented 30 acre open-space standard deficit that a Coastal Park would help resolves.
7. And most importantly, I am informed that the City is currently ignoring these issues and in the Draft Local Coastal Program Amendment is proposing to eliminate the last opportunity to create a much needed Coastal Park at Ponto

Accordingly, I am requesting and making my position known that:

I want the Draft Local Coastal Program Amendment to provide for a Coastal Park at Ponto.

I want the City to provide a true Citizen-based Park Planning process for Ponto.

I want the City of Carlsbad to budget money in their capital improvement program to purchase Planning Area F and build a park at Ponto to serve residents and visitors alike.

I want to preserve what little Coastal Open Space Carlsbad has remaining for future generations and our visitor industry.

I am not in favor of future residential development at Ponto, but think this last small amount of vacant Coastal land should be reserved for Coastal Recreation.

Thank you
Murphy REINSCHREIBER

Subject: Please read into public comment at June 2nd City Council meeting regarding agenda item 8 budget

Mayor and City Council

I have lived in Southern CA for 30 years and in Carlsbad for the last 3. This is an amazing city but I know it can be so much more, we have an obligation to our children & all those that come to enjoy the coast line to make it more.

The land at Ponto (Planning area F) is a prime location to do something amazing with, something that matters and inspires joy. I am aware that the land is for sale and DO NOT wish to see a developer turn it into a condo complex when it could be the jewel of our City. I know the State of CA says we have to have a certain number of new houses, but they don't say they have to be crammed into one of the last remaining pieces of open coastal land. Build housing complexes closer to where offices and businesses are, build them inland and Project Ponto!

I know CV19 has wreaked havoc on current revenues but also know the City is well prepared and that decisions being made today will have long lasting effects so we must think beyond the current state.

I ask you to **Develop Ponto Right** – I ask you to put money in the upcoming budget to buy the land at planning areas F to build **Ponto Park**.

I request that my comments be put on record in the official public records for **ALL** things Planning Area F, including the official public records for Carlsbad's City's Budget, draft Local Coastal Program Amendment, and Parks Master Plan Update; and the CA Coastal Commission's consideration of Carlsbad's draft Local Coastal Program Amendment.

Thank you

T. Owen Rassman

Subject: Carlsbad City Budget

Please read at the June 2nd City Council Meeting Agenda Item: Budget

Dear Mayor and City Council

My name is Mike Guerreiro and I have lived in Carlsbad for 15 years. I have two school age children and I want to ensure Carlsbad remains a wonderful place to live and call home.

I am aware there is a current 6.6-acre park deficit in the Coastal Southwest quadrant of Carlsbad and a 30-acre open-space deficit in Zone 9. **I want the City of Carlsbad to budget money in their capital improvement program to purchase Planning Area F and build a park at Ponto to serve residents and visitors alike.** Planning Area F is currently for sale and I request the City contact the landowner to explore purchasing the site for a needed park.

This land is the entrance to Southern Carlsbad and one of the last remaining pieces of coastal open space, it is a treasure and should be developed into a space for all to enjoy, not squandered on residential development that would do best located closer to employment at the Center of Carlsbad.

I ask you to **Develop Ponto Right** – I ask you to build Ponto Park.

I request that my comments be put on record in the official public records for all things Planning Area F, including the official public records for Carlsbad's City's Budget, draft Local Coastal Program Amendment, and Parks Master Plan Update; and the CA Coastal Commission's consideration of Carlsbad's draft Local Coastal Program Amendment.

Thank you,
Mike Guerreiro and Family

Carlsbad, CA 92011
