As a long time citizen of Carlsbad, I want to state my opposition to the divisive agenda CRT poses to our children in the Carlsbad school system.

We oppose the implementation of Diversity, Equity & Inclusion Initiatives in the Carlsbad School curriculum. This is teaching our children to be racists and it is wrong! Stop concentrating on social issues and get back to what helps kids succeed like math, reading, writing, etc. etc.

Subject: Co-meeting today! CRT in our community and institutions

I wonder why the focus seems to be on separating our communities. I do not support CRT or Equity Training or whatever the current PC term is for it at any given time.

Why aren't we joining all groups of people from all walks of life on American principles like freedom, excellence and opportunity for all? Those unifying terms should be our focus, not the Equity Training CUSD started participating in with SDCOE, featuring slides that teach divisiveness and responsibility for other people's choices and mistakes.

When we know better, we do better.

CUSD features a school, Hope Elementary, that founded the Kindness Rocks campaign. This is just one example of how our community shows that because we know better than our predecessors, we do better.

Let's focus on the good and positive, while addressing the challenges and planning POSITIVE ways to move those challenges into do-better scenarios.

CRT and/or Equity Training are not POSITIVE solutions to challenges. Kindness Rocks is!

**Subject:** CRT meeting today at 1:00

I have lived in North County for over 40 years and have never thought I would have to write a letter regarding what I think is so obvious. The United States was founded on individual rights and the ability to work hard to achieve. Race relations have been something that we have made great strides in. We do not and should not see the world through a race lens.

I strongly feel that, CRT should NOT be introduced to our school system and the sex ed program that the state has approved is harmful to our kids.

**NO:**

Equity basis of curriculum. Our government is based on an equal opportunity to succeed. Not falsely pulling one group up and pushing another down.  
Separating students by race  
Telling students they are oppressed  
Telling students they oppress other students  
Changing of history  
Telling students the US is a bad country with corrupt history  
Telling students' parents they do not know what they are talking about--  
Teachers and board members know best..  
Sending teachers to trainings that stress Equity (dumbing down curriculum and make excuses for failure)  
Reducing AP and Honors classes

and MORE.....

Do not spend one penny of the district's money on staff that reinforce these negative ideas. No money on Equity audits. No money to make feel students feel uncomfortable in their own skins...The community does NOT want this program.

To whom it may concern-

Council, Trustees, parents and citizens must come to realize that Diversity, Equity & Inclusion is a Critical Race Theory/CRT trojan horse used to usher in racist, divisive, anti-Christian and anti-American ideas NOT meant to educate our children, but to indoctrinate them into believing hateful things about their country being 'systemically racist' and believing hateful things about themselves based on immutable characteristics like their own skin color – racist by definition. Our schools need to return to educating our children in reading, math, science and civics and NOT usurping the rightful duties of parents to form their own children.

Additionally, Equity training in businesses, government and the military is equally reprehensible, destructive, divisive and racist.

Please voice NO to CRT.

Dear Representative,

We elect you to serve the people of Carlsbad, our community. We call on you to honor your oath to represent us and respect parental concerns and wishes on to how our children are educated.

Carlsbad schools should focus on providing the basics of reading, writing and math instead of socialist, racist ideology that further divides our country.

I am strongly opposed to Carlsbad schools teaching diversity, equity and inclusion (aka Critical Race Theory) to our children.

Sincerely, Steve Murrell, Carlsbad resident and voter.
