**Subject:** Carlsbad redistricting input

Dear Carlsbad City Clerk and to whom it may concern:

I hope your day is going well. My name is Francesca Cortellessa Hale and I am a long-term resident of Carlsbad.

I am concerned with Carlsbad's district maps changing again. The maps were changed four years ago and Carlsbad residents are still getting used to their new districts. In addition, I believe that Carlsbad's current district maps properly represent Carlsbad's interests and concerns.

I would love for Carlsbad district maps to stay the same.

Thank you for taking my input into consideration.  
Sincerely,  
Francesca Cortellessa Hale

**Subject:** Regarding draft maps of proposed voting districts

I prefer the voting district maps with four roughly square districts, where there are two districts along the coast and two inland.

Thank you for considering my input. The current Districts we have were designed in 2017 and implemented 2018. They are fairly new and provide the best representation of our communities of interest. Based on census data ; Carlsbad hasn't had a significant change in population . Please continue with the maps that are in place today with minor modifications that are required. In addition, I encourage the committee to not move forward with a district that is strictly coastal as that would be unfair representation of our community of interests.

Thanks,  
Diana Aguirre  
District 3 resident

Hello,

The current district maps are new and nothing has changed much. Please keep the maps as they are. When the population changes enough we can revisit this.

Thank you,

Kervin Krause

**Subject:** Redistricting input

Dear Carlsbad City Clerk and to whom it may concern:

I hope your day is going well. My name is Kenneth Pilco and I am a high school student at Carlsbad High.

I am emailing to express my concern with Carlsbad's district maps changing again. The residents of Carlsbad have only recently finished settling into the new districts and the threat of redistricting after four years just feels fickle.

As a resident, I feel that the current maps properly represent Carlsbad's interest and concerns and would love for Carlsbad's district maps to stay the same.

Thank you for taking my input into consideration.  
- Kenneth Pilco

**Subject:** Redistricting

The current districts were designed recently and were just implemented in 2018. I believe they represent our community based on census data. Strictly coastal redistricting would not be a fair representation in our community. Please do not move forward with proposed new redistricting.

Sincerely,  
Kathy Golden  
District 3 resident
