

City Hall 1200 Carlsbad Village Drive Carlsbad, CA 92008 Virtual Meeting

Welcome to Your Independent Redistricting Commission Meeting

We welcome your interest and involvement in the city's legislative process. This agenda includes information about topics coming before the Independent Redistricting Commission and the actions recommended by city staff. You can read about each topic in the staff reports, which are available on the city website and in the City Clerk's Office. The City Clerk's Office is also available to answer any questions you have about Independent Redistricting Commission meeting procedures.

How to watch

City cable channel Charter Spectrum channel 24 AT&T U-verse channel 99.

City website carlsbadca.gov/news/citytv.asp

Virtual meeting format

- In the interest of public health and safety, we are temporarily taking actions to prevent and mitigate the
 effects of the COVID-19 pandemic by holding Independent Redistricting Commission and other public
 meetings online only.
- All public meetings will comply with public noticing requirements in the Brown Act and will be made accessible electronically to all members of the public seeking to observe and address the Commission.

How to participate

- Join from a PC, Mac, iPad, iPhone or Android device: https://carlsbadca.zoom.us/j/94208252591
 - o Join using "Computer Audio"
 - o Raise your hand when the Clerk calls for speakers for the item you wish to comment on.
 - o **Unmute** yourself when called on by the Clerk.
- By phone: Call: (213) 338 8477 and enter Meeting ID: 942 0825 2591. Press # for Participant ID.
 - o **Press *9** when the Clerk calls for speakers for the item you wish to comment on.
 - The Clerk will then call on the last four numbers of your telephone number.
 - Press *6 to unmute yourself to speak.
- In writing: Email comments to redistricting@carlsbadca.gov. Comments received by 2 p.m. the day of the meeting will be shared with the Independent Redistricting Commission prior to the meeting. When e-mailing comments, please identify in the subject line the agenda item to which your comments relate. All comments received will be included as part of the official record. <a href="https://www.written.gov/writ
- These procedures shall remain in place during the period in which state or local health officials have imposed or recommended social distancing measures.

Reasonable accommodations

Persons with a disability may request an agenda packet in appropriate alternative formats as require by the Americans with Disabilities Act of 1990. Reasonable accommodations and auxiliary aids will be provided to effectively allow participation in the meeting. Please contact the City Manager's Office at 760-434-2821 (voice), 711 (free relay service for TTY users), 760-720-9461 (fax) or manager@carlsbadca.gov by noon on the Monday before the meeting to decide.

IN THE EVENT A QUORUM OF THE INDEPENDENT REDISTRICTING COMMISSION LOSES ELECTRICAL POWER OR SUFFERS AN INTERNET CONNECTION OUTAGE THAT IS NOT CORRECTED WITHIN 15 MINUTES, THE MEETING WILL AUTOMATICALLY BE ADJOURNED. ANY ITEMS NOTICED AS PUBLIC HEARINGS WILL BE CONTINUED TO THE NEXT REGULARLY SCHEDULED MEETING OF THE INDEPENDENT REDISTRICTING COMMISSION. ANY OTHER AGENDA ITEMS THE COMMISSION HAS NOT TAKEN ACTION ON WILL BE PLACED ON A FUTURE AGENDA.

More information about Independent Redistricting Commission meeting procedures can be found at the end of this agenda and in Carlsbad Municipal Code Chapters 1.20 and 2.15.

CALL TO ORDER:

ROLL CALL:

PLEDGE OF ALLEGIANCE:

APPROVAL OF MINUTES:

Minutes of the Regular Meeting held Nov. 18, 2021 Minutes of the Regular Meeting held Dec. 16, 2021

<u>PUBLIC COMMENT</u>: The Brown Act allows any member of the public to comment on items not on the agenda. Please treat others with courtesy, civility, and respect. In conformance with the Brown Act, public comment is provided so members of the public may participate in the meeting by submitting comments as provided on the front page of this agenda. The Independent Redistricting Commission will receive comments at the beginning of the meeting. In conformance with the Brown Act, no action can occur on these items.

DEPARTMENT REPORTS:

- 1. <u>PUBLIC INPUT RECEIVED IN THE REDISTRICTING PROCESS</u> Receive and discuss correspondence received from Jan. 13, 2022 to Jan. 19, 2022 and additional survey results received from Dec. 9, 2021 to Jan. 19, 2022. (Staff Contact: Kristina Ray, Communication & Engagement Department)
- 2. <u>APPROVAL OF A METHOD TO NARROW DOWN AND SELECT THE FINAL CITY COUNCIL DISTRICT MAP</u> By motion, approve a method to narrow down and select a final City Council district map. (Staff Contact: Sheila Cobian, City Manager's Office)
- 3. <u>REVIEW OF DRAFT MAPS</u> 1) Receive a presentation from National Demographics Corporation providing an overview of the draft maps submitted by members of the public by Jan. 14, 2022, and the draft maps prepared by National Demographics Corporation based on the feedback provided at the Jan. 13, 2022, meeting; and
 - 2) By motion, identify and select maps to focus on for consideration at the Feb. 17, 2022, public hearing and identify any desired map revisions. (Staff Contact: Faviola Medina, City Clerk's Office)

ANNOUNCEMENTS:

This section of the agenda is designated for announcements to advise the community regarding upcoming Independent Redistricting Commission meetings or events.

ADJOURNMENT:

Jan. 27, 2022 Page 2

Independent Redistricting Commission Meeting Procedures (*continued from page 1***)**

Written Materials

Written materials related to the agenda that are submitted to the Independent Redistricting Commission after the agenda packet has been published will be available for review prior to the meeting during normal business hours at the City Clerk's Office, 1200 Carlsbad Village Drive and on the city website. To review these materials during the meeting, please see the City Clerk.

Visual Materials

Visual materials, such as pictures, charts, maps or slides, are allowed for comments on agenda items, not general public comment. Please contact the City Manager's Office at 760-434-2820 or manager@carlsbadca.gov to make arrangements in advance. All materials must be received by the City Manager's Office no later than noon the day before the meeting. The time spent presenting visual materials is included in the maximum time limit provided to speakers. All materials exhibited to the Independent Redistricting Commission during the meeting are part of the public record. Please note that video presentations during public comment are not allowed.

Decorum

All participants are expected to conduct themselves with mutual respect. Loud, boisterous and unruly behavior can interfere with the ability of the Independent Redistricting Commission to conduct the people's business. That's why it is illegal to disrupt an Independent Redistricting Commission meeting. Following a warning from the presiding officer, those engaging in disruptive behavior are subject to law enforcement action.

Independent Redistricting Commission Agenda

The Independent Redistricting Commission follows a regular order of business that is specified in the Carlsbad Municipal Code. The Commission may only make decisions about topics listed on the agenda.

Public Comment

Members of the public may speak on any redistricting related item that does not appear on the agenda. State law prohibits the Independent Redistricting Commission from taking action on items not listed on the agenda. Comments requiring follow up will be referred to staff and, if appropriate, considered at a future Independent Redistricting Commission meeting. Members of the public are also welcome to provide comments on agenda items during the portions of the meeting when those items are being discussed. In both cases, a request to speak form must be submitted to the clerk in advance of that portion of the meeting beginning.

New Business

This part of the agenda is for items presented to the Independent Redistricting Commission by city staff and can be informational in nature or require action. The staff report about each item indicates the purpose of the item and whether or not action is requested.

Other Reports

At the end of each meeting, Independent Redistricting Commission members and the city attorney and city clerk are given an opportunity to share information. This usually includes information about upcoming meetings and events.

Independent Redistricting Commission Actions

Motion

A motion is used to propose Independent Redistricting Commission direction related to an item on the agenda. Any Independent Redistricting Commission member may make a motion. A motion must receive a "second" from another Independent Redistricting Commission member to be eligible for a vote.

Council Chamber 1200 Carlsbad Village Drive Carlsbad, CA 92008

Nov. 18, 2021 4 p.m.

<u>CALL TO</u> <u>ORDER</u>: 4 p.m.

ROLL CALL: Arndt, Ashton, Cadwallader, Fabiano, Sardina, Stanley

Harris - Absent

PLEDGE OF ALLEGIANCE: Vice Chair Stanley led the Pledge of Allegiance.

APPROVAL OF MINUTES: None.

PUBLIC COMMENT:

The following individual called into the meeting and voiced their comment for the record:

Arnie Cohen reminded the commission of his concern about the public using the Maptitude program as it is more complicated than the District R program. He asked how the final population numbers of school districts could be added into the District R program. He also asked what happens to the maps that have been submitted in the District R program that have been created with the old population numbers and estimates of how many people are going to be in each district that are now different than the reality. Mr. Cohen further asked if the numbers would be recalculated by the consultants and if the authors of the maps would have an opportunity to make corrections.

DEPARTMENT REPORTS:

 PROVIDE DIRECTION ON COMMUNITIES OF INTEREST – Provide direction to National Demographics Corporation on communities of interest and other elements the Commission would like to see incorporated in the draft maps. (Staff Contact: Faviola Medina, City Clerk's Office)

National Demographics Corporation (NDC) demographer Shannon Kelly explained that at the next public hearing to be held on Jan. 13, 2022, all of the maps submitted by the public on the District R mapping program along with some draft maps for the commission's review would be presented and requested that the commission provide direction regarding draft maps that will be presented.

Chair Fabiano asked commission members to provide comments for Ms. Kelly.

Vice Chair Stanley's comments:

- Understands that everyone wants a portion of the beach
- Do not separate schools and keep Kelly School in District 1 and not District 2
- Keep communities intact as much as possible

- Consider boundaries by topography
- Keep schools so parents do not have to drive throughout Carlsbad to drop off their children

Commission Member Sardina's comments:

- Agreed with beaches in every district
- Would like to review the quadrant idea in the city, north, south, southeast, southwest
- Would like to review a map with one beach district
- Agreed with geographical boundaries
- Would like to review lagoons, the ocean, and how these might form a district
- Include El Camino Real as it is a big divider

Commission Member Arndt's comments:

- Likes the idea of all districts having a part of the beach
- Geographical boundaries sound like a good idea

Commission Member Cadwallader's comments:

- Agreed with Vice Chair Stanley but did not think City Council districts had an impact on schools. Suggested an overlay might be needed to see if what the commission is doing has an impact
- Include El Camino Real
- Would like to review and possibly add population unit numbers 25, 37 and 35 to District 1 instead of District 2
- Would like to consider moving tract 81 to District 4,
- In the spirit of keeping the center cores of the district the way they are, the commission will be making moves around the edges of the districts to try to obtain a balance

Commission Member Ashton's comments:

- Would like to see data on where seniors are located are in community
- Asked if there was a way to include any home-schooling data
- Would like to see data on churches
- Would like to get an overview of the entire community
- Use the lagoons to an advantage
- Would like to see data on future population growth with development planned in the city
- Would like to see data on voting ages

Chair Fabiano's comments:

- Understands the sentiment about the beach in every district, should have maps presented that represent this sentiment
- Would like to see maps offering many options for commission to review for consideration
- Would be nice to see if commission can avoid dividing well-defined neighborhoods between districts

- Would like a small change in District 4 to ensure that those who that live in the San Dieguito School District portion of Carlsbad are in the same district
- Would like to see addresses of each of the current city council members marked on the maps.

Commission Member Ashton added that she didn't know if residents in the northern part of Carlsbad were as aware as residents in the southern part of Carlsbad about the expansion of the Palomar Airport runway. She wanted commissioners to be reminded about the airport and what district it is located in.

In response to a request from Chair Fabiano, Commission Member Ashton identified areas for Ms. Kelly around the Carrillo Ranch and Poinsettia areas, with regard to flight paths and patterns and added that the airport should be acknowledged as a major landmark that could be a boundary at some point for one of the districts.

Commission Member Cadwallader agreed that the commission should consider future growth, especially projects that have already been approved. She asked how many people per unit should be factored in.

In response to an inquiry from Commission Member Sardina, Ms. Kelly explained the federal and state criteria and basic guidelines on the criteria for changing the core of a district.

Vice Chair Stanley asked commission members if they were thinking that a change has to occur that moves District 3 over to District 2 and moves District 2 back into District 1 due to the fact that the current map presented shows District 1 with the smallest population and District 2 with the largest geographical area.

Chair Fabiano responded he would like to see maps that offer a different approach to consider.

The following individuals called into the meeting and voiced their comments for the record:

Arnie Cohen questioned what happens to the District R maps that have been submitted with a lower population number than the actual. He added that almost all the differences between the estimated and the actual are in District 2. He further added that if his map were adjusted or other people's submitted maps were adjusted, it would throw the population deviation off. He further questioned that if District R was not going to get updated with the new population numbers, how the maps were going to be presented to the commission with accurate numbers.

Jeanette Fee expressed that every district should have a foothold on the beach. She explained that this was necessary in case the beach area has an issue and was represented by one council person, the other 4 council persons may not be interested in that issue and it could become a four against one issue. She added that if everyone

has a portion of the beach, issues will be shared and will more bipartisan. She further added that on geographical uses, she agreed with using the Agua Hedionda Lagoon as a barrier and taking it up to its headwaters at El Camino Real as the other two lagoons are already barriers. She explained that there is nothing north of the lagoon at the north end of Carlsbad nor is there anything south of the lagoon located at the south end of Carlsbad. She also addressed schools, stating that she never had issues with a particular school's location in a specific district, and added that school districts are a-political, while council voting districts are political. Ms. Fee added that she was not sure that splitting up the school districts for political decisions is important.

2. <u>PUBLIC INPUT RECEIVED IN THE REDISTRICTING PROCESS</u> – Receive and discuss recent public input received from Oct. 28 through Nov. 14. (Staff Contact: Kristina Ray, Communication & Engagement Department)

Communication and Engagement Department Director Kristina Ray and Community Relations Manager Bree Robertoy introduced the item and stated that they were available to answer any commission questions.

Chair Fabiano inquired about the map depicting upcoming building projects that was included in the agenda packet.

Ms. Ray explained that a member of the public included the map as an attachment to his email, regarding potential affordable housing sites. She added that there were currently sites already being processed by the city for development that may affect population, while the numbers on the included map may not.

In response to an inquiry from Chair Fabiano, Ms. Ray said a list of pending developments in the city was linked to the redistricting website based on a commission request. She added it was possible to invite someone from the planning department to a future commission meeting to talk about future development.

Chair Fabiano asked commission members to ask questions or express comments.

Vice Chair Stanley Stanley stated she would like someone from the planning department to speak with the commission. She added that the Quarry Creek numbers should be included in District 1 or District 2.

Ms. Kelly informed the commission she could review data to determine if the Quarry Creek area was populated during the count and could review this further with staff.

Commission Member Sardina expressed that she didn't think it was necessary that all of the districts touch the beach. She added that everyone in Carlsbad cares about the beach and that the beach will be well represented even if not all districts touch the beach.

Commission Member Arndt stated that the Quarry Creek area should be in District 1. She reiterated her earlier statement that all districts need to contain a portion of the beach.

Commission Member Cadwallader stated that the Quarry Creek area contains the most of population units 1 and 6. She added that substantial changes would be evident if the people that located there were counted in the 2020 census. She asked about a tabulation on the comments and about neighborhood maps used by realtors.

In response to an inquiry from Commission Member Ashton, Ms. Robertoy stated that the city received one additional comment to the survey and additional public comments and emails.

In response to an inquiry from Commission Member Ashton, Ms. Robertoy responded that there was no feedback or comments to a workshop, only social media posts were received.

Commission Member Ashton stated that the beaches were important to everyone in the community not only as a tourist draw but also with the feel of the community. She suggested that trails be listed as a potential district boundary. She added she would like to see the survey continue.

Vice Chair Stanley expressed that every district should have a piece of the beach.

In response to an inquiry from Commission Member Cadwallader, Ms. Kelly said no date was available on when the District R mapping program will be updated.

Ms. Kelly also responded to Mr. Cohen's comment/inquiry. She explained that NDC has a version of Maptitude that will be used to bring the current draft maps into the program in December. She added that on Dec. 1, all maps in the District R program will be pulled into the Maptitude program and will be updated with the final data. She further added that a member of the public created a balanced map and it is slightly off in Maptitude, this will be communicated, and information will be provided regarding the difference.

In response to an inquiry from Commission Member Cadwallader, Ms. Kelly explained there are two versions of Maptitude, the public version and the version the demographers use when presenting maps to the commission.

In response to an inquiry from Commission Member Ashton, Ms. Kelly said that at this time regarding population only, the paper maps contain the state adjusted population numbers. She further added that while the District R program did not have the adjusted population numbers, all other demographic data is accurate.

Discussion ensued among the commission regarding the date the final district map is to be approved.

Chair Fabiano reminded the commission that if it was determined to be necessary, additional business meetings could be held.

No public comment was received for this item.

3. <u>UPDATE ON OUTREACH REQUESTED THROUGH WATER BILL INSERTS AND PRINT ADS</u> – Receive a staff presentation regarding an update on raising awareness of the redistricting process through water bill inserts and print ads, as directed by the Independent Redistricting Commission. (Staff Contact: Kristina Ray, Communication & Engagement Department)

Community Relations Manager Bree Robertoy gave a Powerpoint presentation (on file in the Office of the City Clerk).

In response to an inquiry from Vice Chair Stanley, Ms. Robertoy confirmed that she will ensure the words "City Council" will not appear on ads.

Commission Member Cadwallader expressed that the water district flyer looked good and suggested adding bullet points to the Coast News add.

Commission Member Ashton expressed that she liked all of the ads. She asked if a graphic could be inserted into the Coast News ad to be more noticeable. She further asked if the same map that was used on the water district flyer could be used on the Coast News ad.

No public comment was received on this item.

STAFF AND COMMITTEE MEMBER REQUESTS FOR FUTURE AGENDA ITEMS:

ANNOUNCEMENTS: None.

CITY ATTORNEY COMMENTS:

Assistant City Attorney Cindie McMahon informed the commission that a number of questions had been received. She added that the questions and comments will be answered as required and all will be passed on to the commission.

ADJOURNMENT: Chair Fabiano adjourned the duly noticed meeting at 5:24 p.m.

Sherry Freisinger	
Deputy City Clerk	

Council Chamber 1200 Carlsbad Village Drive Carlsbad, CA 92008

Dec. 16, 2021, 4 p.m.

CALL TO ORDER: 4 p.m.

ROLL CALL: Fabiano, Stanley, Ashton, Harris, Sardina, Cadwallader, Arndt.

PLEDGE OF ALLEGIANCE: Commission Member Stanley led the Pledge of Allegiance.

APPROVAL OF MINUTES:

Minutes of the Regular Meeting held Oct. 28, 2021

Motion by Vice Chair Stanley, seconded by Commission Member Arndt, to approve the Minutes of the Regular Meeting held October 28, 2021. Motion carried -7/0.

PUBLIC COMMENT: None.

DEPARTMENT REPORTS:

1. <u>OVERVIEW OF ADOPTED 2021-2029 HOUSING ELEMENT</u> — Receive an informational presentation overviewing the General Plan 2021-2029 Housing Element. (Staff Contact: Scott Donnell, Community Development)

Senior Planner Scott Donnell reviewed the PowerPoint presentation (on file in the Office of the City Clerk).

In response to an inquiry from Commission Member Cadwallader, Mr. Donnell stated the Housing Element dated April 2021 was the latest plan.

In response to Vice Chair Stanley's inquiry, Mr. Donnell explained that the approved project numbers were probably not included in the commission's current unit count as some of the projects have not been constructed.

Assistant City Attorney Cindie McMahon stated that NDC demographer Shannon Kelly may be able to answer Vice Chair Stanley's question.

Commission Member Ashton asked about the removal of limitations for housing buildout and about the number of different developments in the city that accommodate the affordable housing requirement.

Mr. Donnell explained that the city's Growth Management Plan was established in 1986 by voters and most of the provisions of that includes infrastructure. He explained the state requirement that Carlsbad eliminate the growth caps of the Growth Management Plan, why only 10-20% of affordable housing units are built in a development, and the state

requirement the city must follow to ensure that housing for all economic segments, whether low, moderate or above moderate income are spread throughout the community.

Commission Member Ashton inquired about who paid the financial subsidy for the low-income housing.

Mr. Donnell explained how developers pay the subsidy through the city's Inclusionary Housing Program.

Commission Member Ashton inquired if developers subsidize the affordable housing units for the life of the project or if the units are subsidized only when first built.

Mr. Donnell explained that affordable rental projects have a rental restriction of 55 years and must remain affordable to lower income families for that length of time. He added that for ownership projects, the restriction is 30 years.

In response to an inquiry from Commission Member Ashton, Mr. Donnell explained that the affordable housing rent and ownership restrictions are placed on the title of the property.

Chair Fabiano asked if the maps the commission is reviewing can have information from the accepted projects on them to see where the approved projects are located.

Commission Member Cadwallader, referring to the table that indicated proposed and accepted projects, said most of the growth is in Districts 1, 2 and 3. She added the commission might consider making District 4 on the plus side and leave room for growth in the other three districts.

No public comment was received on this item.

2. <u>REVIEW OF DRAFT MAPS</u> - Receive a presentation from National Demographics Corporation overviewing the draft maps submitted by members of the public received by December 1 and the draft maps prepared by National Demographics corporation and review next steps in the redistricting process. (Staff Contact: Faviola Medina, City Clerk's Office)

Shannon Kelly reviewed a PowerPoint Presentation (on file in the office of the City Clerk).

The following individual called into the meeting and voiced their comment for the record:

Kris Wright thanked commissioners for their hard work. She explained that she lives in District 2 but should be in District 1 based on her community. She hoped that north Carlsbad receives more attention to the roads like El Camino Real and school districts including Kelly Drive. Ms. Wright added that she submitted a map she thought was really close and that her map keeps Bressi Ranch and Rancho Carlsbad together, draws a line along Cannon Road to the bottom and uses the majority of El Camino Real as a major dividing point. She requested the commission look at north Carlsbad a little more closely.

Chair Fabiano asked if it was possible to put the current council members' addresses on the maps.

Ms. Kelly responded that she could indicate current council members' residence locations on the draft maps.

Ms. McMahon reminded the commission that incumbency is not permitted to be considered when drawing the district boundaries.

In response to Chair Fabiano's inquiry, Ms. McMahon explained that the commission is also not permitted to consider political parties when drawing district boundaries.

Chair Fabiano stated that the state criteria provided by NDC say that the boundaries are not supposed to favor a political party.

Ms. Kelly replied that was correct and added that the guidelines also state consideration of boundaries were not supposed to favor or advance a political party.

In response to an inquiry from Chair Fabiano, Ms. Kelly explained that if voter registration were overlaid on a map, not considering incumbency, but moving democrats and republicans around would also be an example of using a political party, and is not considered by NDC.

Commission Member Cadwallader asked about the map submitted by Ms. Wright, stating it was not in the agenda packet for this meeting.

Ms. Kelly reminded the commission of the Dec. 1, 2021 transfer of the maps created in the District R mapping program to the Maptitude program. She suggested that Ms. Wright's map may have been submitted after Dec. 1.

In response to an inquiry from Commission Member Cadwallader, Ms. Kelly explained that a stat sheet will be included for all public maps at the commission's next meeting.

Commission Member Cadwallader questioned if it was possible to see the school district boundaries at the local elementary schools and the neighborhoods they draw on.

Ms. Kelly provided an explanation of the maps NDC provided.

Chair Fabiano suggested that Commission Member Cadwallader check the maps on the Carlsbad Unified School District website.

Commission Member Cadwallader stated that the map resources on the city's website were not working correctly. She added that she would like to see more maps that have a plus statistic for District 4.

In response to an inquiry from Vice Chair Stanley, Ms. Kelly explained that the deviation on NDC map 101 was a little over 6%.

In response to an inquiry from Vice Chair Stanley, Ms. McMahon explained that the election for city council seats representing Districts 1 and 3 will take place in 2022 using the newly drawn district boundary map. She further explained that the election for council seats for Districts 2 and 4 will be held in 2024 using the same district boundary map used for the 2022 election.

In response to an inquiry from Commission Member Harris, Ms. Kelly said the commission will need to decide how to proceed to choose maps to consider and make the final decision.

Commission Member Ashton inquired if the questions submitted via email by Commission Cadwallader on Nov. 23, 2021 were answered.

Ms. Kelly responded that answers to Commission Member Cadwallader's questions were still pending.

Commission Member Ashton inquired if Mr. Cohen received a response to his question of Nov. 24, 2021 regarding updating his maps in Maptitude.

City Clerk Services Manager Faviola Medina replied that she did have a phone conversation with Mr. Cohen and discussed his questions and provided answers and that there was no email response.

In response to an inquiry from Commission Member Ashton, Ms. Kelly explained that all of the District R maps will contain the updated data when NDC analyzes and presents them at the public hearing. She added that all of the maps created in the District R program including Mr. Cohen's were well within the equal population balance and NDC did not think there was an issue. She further added that these maps include stats with updated data.

In response to an inquiry from Commission Member Ashton, Ms. Kelly explained that the general public who created maps were only permitted to work with the new census data in Maptitude.

Commission Member Ashton questioned if Mr. Hardisty received a response to his email.

Ms. Medina explained that Mr. Hardisty did receive a response from NDC which will be included in the commission's next packet.

Commission Member Ashton explained that she had concerns regarding the cutoff date a member of the public can submit a map to be considered by the commission at its next meeting. She inquired what the cutoff date is for a map to be submitted to allow NDC to analyze and prepare for commission consideration at its next meeting.

Ms. McMahon explained that in determining the schedule, staff considered when they were required to provide the commission with its agenda packet for the meeting, allotted time for NDC to conduct its analytical work, and then the city's communications team assists in

communicating to the public when the cutoff date is. She explained that the meeting on Jan. 13, 2022 has a five-day lead time, so staff backdates from that. She further explained that while there is a deadline for NDC to evaluate and analyze maps, staff has attempted to communicate that any map submitted as public comment will be provided to the commission even though it has not been analyzed.

Chair Fabiano inquired if there was a specific date to provide to the public to submit maps for NDC analyzation to present for commission consideration at its Jan. 13, 2022 meeting.

Ms. Medina replied that she would work with communications to make that information available.

In response to an inquiry from Commission Member Ashton, Ms. Kelly explained that the process was an iterative ongoing process and that any map that is received by the first Monday in January (Jan. 3) will receive a full analysis. She added that the commission will be provided a packet that has every submitted map including ones from this meeting for the next public hearing on January 13, 2022. She explained that the commission needs to decide how it wants to review the maps. She added that NDC can provide additional draft maps that will include comments of what the commission would like to see and that the commission will again conduct this process of reviewing additional draft maps at the Jan. 27, 2022 commission meeting, as well as during the public hearing in February.

In response to Commission Member Ashton's inquiry about what the public would be receiving at the public hearing in January, Ms. Kelly explained that the public will see a presentation, a full set of maps with a full analysis including demographic information for those maps received up to the cutoff date. She added her job was to help put the maps together in groups.

In response to an inquiry from Commission Member Ashton, Ms. Medina confirmed that Jan. 3, 2022 was the cutoff date for the public to submit maps to receive NDC analysis for the commission to review at its Jan. 13, 2022 public hearing.

Discussion ensued regarding the cutoff for the public to submit maps for commission consideration.

Discussion ensued regarding the colors of different districts on maps created on the District R mapping program and district numbers.

Commission Member Ashton explained that she had reviewed the survey responses and comments and listed the items in order she calculated were the most important to Carlsbad citizens and what they identified with based on the information provided in the survey.

In response to Council Member Sardina's inquiry, Ms. Kelly responded that this was hard to measure the compactness, but it is listed as an important component. She added that there is no formula to use and the District R mapping program does not have this capability. She further added that Maptitude does have an algorithm not accessible by the public, that will

perform some measure of compactness and it is such a difficult process to understand that NDC does not report it as a measure. She explained that once the commission has set of draft maps that it likes, NDC will review from a reasonable compactness standpoint.

In response to an inquiry from Commission Member Sardina, Ms. Kelly explained that the boundaries on the map are not as one sees. She added that NDC could provide a written description, and if this was a valuable component for the commission to have this listed on all maps, NDC would have to review to see if it is possible. She further added that NDC could provide the boundary descriptions on its draft maps.

Discussion ensued between Commission Member Sardina and Chair Fabiano on submitted neighborhood maps and potential commission review or consideration.

Commission Member Sardina and Ms. McMahon confirmed what districts council seats were up for the 2022 election and how the new district map may affect incumbents.

In response to an inquiry from Commission Member Ashton, Ms. McMahon confirmed that a person running for council must live in the district they want to represent.

Commission discussion ensued regarding the possible transition of elected officials.

Chair Fabiano inquired if it was possible to identify which census blocks by number are in each district on a proposed map.

Ms. Kelly explained that it was possible as this information is provided to the Registrar of Voters on the final map. She added that she would like to have NDC staff review how to determine the best process. She advised that at some point there may be a requirement to split a block which NDC would have to caveat. She indicated that she would get back to the commission.

Commission Member Ashton asked Ms. Kelly for clarification of the numbers in the population unit areas on the paper maps.

Ms. Kelly responded that those numbers were aggregated census block numbers.

Commission Member Cadwallader expressed that the difference between aggregated population units and actual census block numbers was an interesting concept to her in that it meant the answer to her questions in her Nov. 23, 2021 email about splitting up units 20 and 82 might be possible.

Ms. Kelly confirmed that splitting census block numbers may be possible but that she was unable to say how precise it would be and how it would be completed.

In response to an inquiry from Commission Member Cadwallader, Chair Fabiano requested that the process to choose maps become an agenda item for the next business meeting of the commission on Jan. 27, 2022.

Independent Redistricting Commission Special Meeting

Dec. 16, 2021

Page 7

3. PUBLIC INPUT RECEIVED IN THE REDISTRICTING PROCESS – Receive and discuss public input received from Nov. 14 through Dec. 8, 2021. (Staff Contact: Kristina Ray, Communication &

Engagement Department)

The following individual called into the meeting and voiced their comment for the record:

John User explained to the commission and public how to paint and control the color on the

maps.

Communication & Engagement Department Director Kristina Ray and Community Relations Manager Bree Robertoy introduced the item and were available to answer commission

members' questions.

In response to an inquiry from Chair Fabiano, Ms. Ray confirmed that she could provide an update to the commission on the public outreach and advertisements in writing before the

commission's next meeting.

Commission Member Cadwallader inquired if staff was going to tally the survey responses

that have been received.

Ms. Ray responded that she was unclear the commission asked for the tally. She added staff

doesn't analyze the data in a definitive way and that it would only be representative of people

who have chosen to comment.

In response to an inquiry from Commission Member Ashton, Ms. Ray and Ms. Robertoy

confirmed that the survey would be made available for the duration of the redistricting

process.

In response to an inquiry from Commission Member Sardina regarding a comment from Aaron Neilson, Chair Fabiano explained that the commission had not made any decision and

was still considering all of the maps, comments and information it received from the public.

STAFF AND COMMITTEE MEMBER REQUESTS FOR FUTURE AGENDA ITEMS:

ANNOUNCEMENTS: None.

<u>CITY ATTORNEY COMMENTS</u>: None.

ADJOURNMENT: Chair Fabiano adjourned the duly noticed meeting at 6:20 p.m.

Sherry Freisinger **Deputy City Clerk**

Meeting Date: Jan. 27, 2022

To: Independent Redistricting Commission

Staff Contact: Kristina Ray, Communication & Engagement Director

kristina.ray@carlsbadca.gov, 760-434-2957

Subject: Public input received in the redistricting process

Recommended Action

Receive and discuss correspondence received from Jan. 13, 2022 to Jan. 19, 2022 and additional survey results received from Dec. 8, 2021 to Jan. 19, 2022.

Discussion

As part of the redistricting process, staff is actively seeking input from the community to assist the Independent Redistricting Commission in understanding the community's needs, values and priorities related to communities of interest and district boundaries.

Since Dec. 8, the city received two additional responses to the community survey about communities of interest, which are communities that should stay together for the purpose of electing a City Council member, starting with the November 2022 election. To date, the city received a total of 158 responses from the public. The two new responses are included in Exhibit 1.

The city also received feedback via established city communication channels, including the project's email address, redistricting@carlsbadca.gov.

Fiscal Analysis

This action has no fiscal impact.

Environmental Evaluation

In keeping with California Public Resources Code Section 21065, this action does not constitute a "project" within the meaning of the California Environmental Quality Act in that it has no potential to cause either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment.

Public Notification and Outreach

This item was noticed in keeping with the Ralph M. Brown Act and it was available for public viewing and review at least 72 hours before the scheduled meeting date.

Q1

What interests and activities do your community or neighborhood share?

Safe neighborhood. Good policing & traffic control.

Q2

If you had to name your community or neighborhood, what would you call it?

The Summit.

Q3

What are the geographic boundaries of your community? Examples include cross streets, natural elements like the coastline or landmarks like parks.

Sierra Morena & College (West to East).

Marron Rd, & Tamarack Ave. (North to South).

Q4

What brings your community together? What is important to your community?

Safe neighborhoods and parks.

Q5

What do you like about the current boundaries?

Not burdened with Village issues.

Q6

What would you change about the current district boundaries?

Stop District 1 boundaries at El Camino Real. Have district 3 go to the East of Melrose and North to Paloma Airport Road.

Jan. 27, 2022 Item #1 Page 2 of 20

Redistricting Survey

Q7

Do you represent a group? If so, which one?

No

Page 1

Q1

What interests and activities do your community or neighborhood share?

Coastal recreation, coastal traffic, coastal preservation, coastal lifestyle preservation, Coastal California Cultural Preservation (Yes! Many of us feel like ignored and disenfranchised native coastal Californians!)

Q2

If you had to name your community or neighborhood, what would you call it?

Southcoast Carlsbad

Q3

What are the geographic boundaries of your community? Examples include cross streets, natural elements like the coastline or landmarks like parks.

Sea Coast (west boundary), El Camino Real (east boundary), La Costa Ave. (south boundary), Palomar Airport Rd. (north boundary)

Q4

What brings your community together? What is important to your community?

Relatively common timeframe of carlsbad residency (~ 30 or 50 years), Coastal living and recreation interests, schools, neighborhood and lifestyle preservation, traffic, etc.

Q5

What do you like about the current boundaries?

Not much to like!

Jan. 27, 2022 Item #1 Page 4 of 20

Q6

What would you change about the current district boundaries?

Current boundaries do not represent coastal vs inland parts of Carlsbad ... mixed interests in a single district. The small (purple) isthmus of district 4 seems silly and not to cohesively represent a well defined geography and set of common interests.

Q7

Do you represent a group? If so, which one?

Nope

Q8 92011

What ZIP code do you call home?

Subject: Redistricting

Good afternoon,

Thank you so much for fielding input on this. I've been working for around eight years in Carlsbad and I feel like I'm still so young when it comes to developing into my best in serving the community.

The current district mapping has only existed since 2018 in comparison to my tenure here and, even just for data collection's sake, I feel this is too soon to take that all away. From what I've gathered regarding the more drastic plans for redistricting, I feel it will be a step back from all that the council has accomplished in regards to developing an inclusive approach to municipal governance. It will highlight inequities here rather than give a fair voice to those who suffer from it.

By keeping our fairer district maps, or at least having minute updates, we will all benefit from people of diverse socio-economic backgrounds so we can continue to grow upon what we have instead of let all that we've been accomplishing slowly fall through the cracks.

Sincerely, Brandon

Library and Cultural Arts/Carlsbad Equality Coalition, V.P.

Hi there,

I'm Hannah Summerhill, and my husband and I are residents of Carlsbad (we live in Aviara.)

I'm writing today about the redistricting process, and I support that the districts, as they're drawn, remain intact.

As the election data shows us, these districts allow Carlsbad to be politically competitive and balanced in terms of social-economic privilege.

Thank you for hearing the citizens!

My best,

--

Subject: RE: Draft map review questions.

Date: Tuesday, January 18, 2022 1:30:51 PM

Good Afternoon Commissioner Ashton,

Please see responses in red below:

1. Please remind me of the purpose of the Public Maps so I know whether to include them in my review.

Yes, the Public Maps should be included in your review. They were maps submitted by the public through Maptitude.

2. I would like to submit a two or three page spreadsheet to be included in the agenda packet materials so other commissioners can see it and use it as a reference if they wish. When do I need to submit it to make sure it is included?

This would have to be submitted to me by end of day Thursday.

3. Fyi, In the draft maps we received in the 1/13 agenda packet, it appears we received one non compliant map #89654 and one withdrawn map #96872, even though we were told by NDC that they were not included for our consideration.

The two maps that you mention were inadvertently included in the Additional Materials Memorandum. The full set of maps for consideration are in the Draft Map PowerPoint that was shared by the demographer on January 15th and are also attached as exhibits to the staff report provided for the meeting.

Thank you,

Faviola Medina, CMC

Good Morning!

All draft maps can be found on this page:

https://www.carlsbadca.gov/city-hall/city-council/redistricting/maps

Their action was just to provide their preferences so far, there was no elimination of maps.

It's not too late to submit a draft map, however:

- Maps submitted between Jan. 3 and 14 will be evaluated by the demographer in time for the Jan. 27 Independent Redistricting Commission meeting.
- Maps submitted between Jan. 15 and 31 will be evaluated by the demographer in time for the final public hearing, Feb. 17.

Jan. 27, 2022 Item #1 Page 20 of 20

Meeting Date: Jan. 27, 2022

To: Independent Redistricting Commission

Staff Contact: Sheila Cobian, Legislative & Constituent Services Director

sheila.cobian@carlsbadca.gov, 760-434-2917

Subject: Approval of a Method to Narrow Down and Select the Final City Council

District Map

Recommended Action

By motion, approve a method to narrow down and select a final City Council district map.

Discussion

At the Dec. 16, 2021, Independent Redistricting Commission meeting, the Commission requested staff to place an item on the Jan. 27 regular meeting agenda that would allow the Commission to discuss and decide on a method to narrow down and select the final City Council district map.

As part of Item 3 on tonight's agenda, the Commission will be asked to narrow down the maps it will focus on at the public hearing on Feb. 17, 2022. Final map selection is anticipated to occur at the public hearing.

Options

Staff has identified two possible options for how to proceed with narrowing down the number of maps and ultimately selecting the map that would be adopted. These options are being presented for discussion and are based on prior experience with similar processes. However, staff would welcome any other suggested options to be provided by the Commission.

Option 1

For narrowing down:

- Each Commissioner identifies up to three maps they favor
- Based on the maps selected, staff will display the six maps that received the most support from the Commission
- The Commission will take a vote on each map to identify the maps that garner majority support to become the maps that will be the focus of the public hearing on Feb. 17, 2022

For selection:

Each Commissioner identifies up to three maps they favor

Jan. 27, 2022 Item #2 Page 1 of 2

- Based on the maps selected, staff will display the three maps that received the most support from the Commission
- The Commission will take a vote on each map to identify the map that garners majority support to become the final City Council district map

Option 2

For narrowing down:

- Any Commissioner may make a motion to identify a map to be included as a focus map for the public hearing on Feb. 17, 2022, and with an appropriate second, a vote will be called
- Provided the map receives majority support, the map will be included as a focus map for the public hearing on Feb. 17, 2022

For selection:

- Any Commissioner may make a motion to identify a single map to be adopted as the final map, and with an appropriate second, a vote will be called
- Provided the map receives majority support, the map will be adopted

Option 3

 The Commission will identify an alternative method of narrowing and selecting the final map

City of Carlsbad Redistricting: Commission Meeting

Notes on Map Changes

Jap. 27, 2022

Prepared for the Carlsbad Independent Redistricting Commission

Commissioner Requested Changes -

Revised Maps

☐ There are 4 New Maps

■ 96786B

□ 96777B

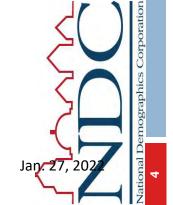

□ NDC 101B

□ NDC 105

National Demographics Corporation Jan. 27, 202

Specific Feedback - Revised Maps

- □ Try to keep keep population units 72 and 73 together because they are both in the same neighborhood north of the canyon. (A potential solution is shown in Map 96786B)
- Look at how population unit 72 is handled in Map 96777. There is a small section north of the canyon including small streets off of Corintia that would be better in District 2 so the canyon can be a natural divider. (A potential solution is shown in Map 96777B)
- because newer developments to the eastern City limit are different than housing near the □ Present option to split population unit 1 so that the eastern most section is in district 2, mall in the western end of that population unit. (A potential solution is shown in Map **NDC 101B**)

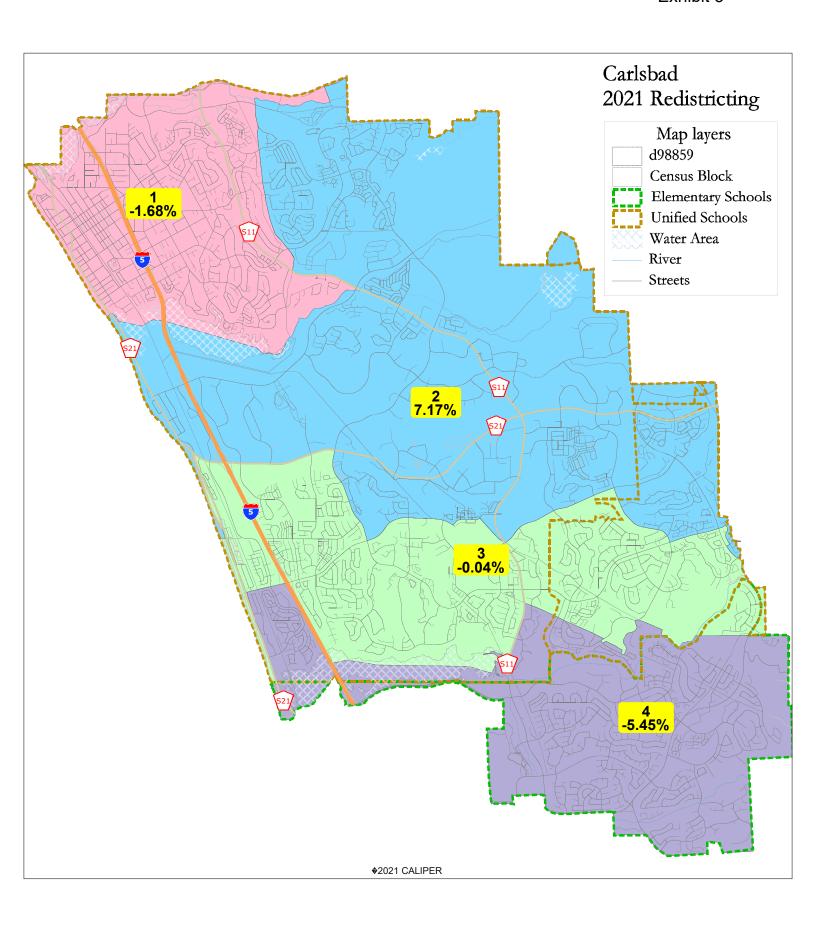

Specific Feedback – Revised Maps

- that had happened before. Also, to keep the neighborhood near Kelly School together. (A □ Expressed desire to "clean up" some of the neighborhood/planned development splitting potential solution for the Vancouver Street area is in Map NDC 101B)
- Village or Cannon Road east to El Camino Real or even College. This would encompass all Consider options to take the district that has the Village out Tamarak, Chestnut, Carlsbad the neighborhoods traditionally attached to the Village. (New map NDC 105 shows a potential option for this).
- □ Desire to clean up some of the blocks along the coast the are long with minimal population done in the end after the Commission selected its final map, or when it has narrowed to the and to keep the Terra Mar community together. (This will require block splits but can be final 3-4 options)

Commissioner Requested Changes Already in a Preferred Draft Map

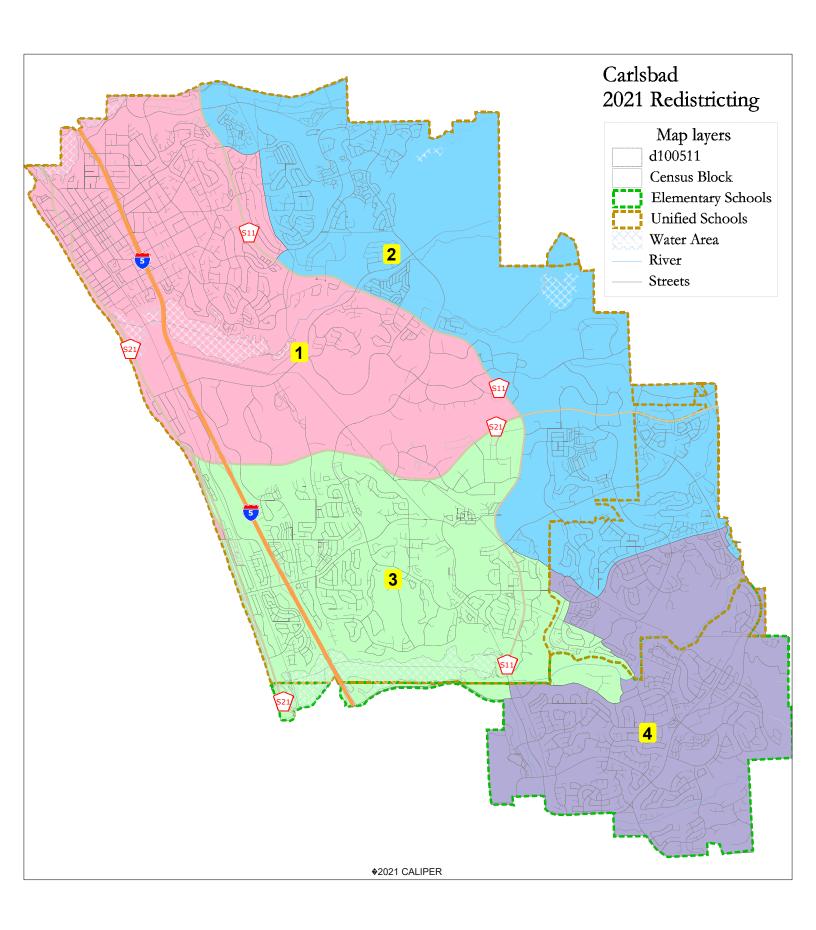

- □ There was also some Commissioner feedback given relative to one map, that was already captured in another map identified. That includes:
- The area in eastern Carlsbad -going east from El Camino Real on Marron Rd to Avenida de Anita South to Carlsbad Village Drive west, should be part of the Village (Map 96786 does this)
- Consider taking Tamarak or Chestnut or Carlsbad Village or Cannon east to College or El Camino Real (Map 96786 does some of this)
- The existing Carlsbad District 1 splits the Kelly School and Laguna Riviera Park neighborhood and it should be kept together in the new map. (Map 96786 fixes this broadly)
- La Costa Glen should be with La Costa (Maps NDC 102 and 96786 do this)
