Subject: 1/27/22 Meeting Agenda #3

Dear Redistricting Commission,

Thank you, Commissioner, for volunteering to work on the redistricting project. Your effort to try to ensure redistricting will be done properly is much appreciated.

My name is Chih-Wu Chang, and I have been a resident of Carlsbad D2 for over 16 years. I am an activist representing interests of local AAPI community.

After reviewing most of the proposed maps, I would like to express my strong support for the map NDC 101.

However, the following maps may work as a second choice:

D69103  
D97192  
D102964  
D79064  
F94249

And map D98766 on NOT acceptable.

Thank you very much for your consideration.

Chih-Wu Chang, MSc, MBA, PMP®

he/him/his

Be safe and healthy

**Subject:** 1/27/22 Agenda Item 3

Dear Redistricting Committee,

Our city council moved to districts effective 2018. I believe the current districts align well to reflect our Carlsbad communities. I urge the committee to keep the lines as close as possible while making the minor adjustments adhere to the 2020 census outcomes.

**Please adopt map NDC101** because it ensures the BEST representation of our community with little disruption to communities of interest.

These maps would work as well:

D69103  
D97192  
D102964  
D79064  
D94249

This map should NOT be accepted:  
D98766

Thank you for your dedication to ensuring our City redistricting represents our community.

**Stephanie Wells**

Dear committee,

I appreciate all of the work you are doing. This committee is very important and has a very important decision to make. I hope you will choose map NDC101 as I believe it will best represent the people in our community shown by the census for 2020. Please do not accept map D98766 as it least represents our community.

Thank you for this consideration.

Sincerely,

Kathy Golden

I'd like to support map NDC 101, as it appears to make the fewest changes to the current map. Though it appears my home would move from D4 to D3 in this scenario, I understand that population shifts since the last census will require some neighborhoods to move. It appears to me that NDC 101 makes the fewest changes, and I think that's important. Thanks for the opportunity to provide input!
