Redistricting Committee,

I am a resident and homeowner in the current District 2 in Carlsbad and I strongly support map ND101c.

This map accurately defines boundaries for our District 2 community. The map keeps our districts intact and these districts have proven to be popular, accurately defining communities in Carlsbad.

Regards,

William Fowler  
District 2 Resident

Hello. I am a resident of Carlsbad, and I am writing to request that you make only minimal changes to the council district maps in the interest of equity. The districts are pretty good as is, and there is no justification for any radical revisions. Each existing district includes both coastal and inland areas and cuts across socio-economic levels. Please don't mess with what is working.

Thank you.
